## MUSIC OPEN MIC SESSIONS

Once a term the Music Department hold an open mic session for all students in the Performing Arts Foyer during recess and lunch. In Term 2 this was held on the Tuesday and Wednesday of Week 9.

The open mic sessions give our music students the opportunity to jump up and play something that they have been working on (in or outside of class) without teacher help.

It was great to see a big crowd of non-music students supporting the performers over recess and lunch.

## CVC ESPORTS CLUB UPDATE

## BLACK SWAN WORKSHOP WITH PROFESSIONAL ARTIST ANDY QUILTY

On Friday the 8th June, 15 Visual Art Extension students from Years 10, 11 & 12 attended a workshop with renowned West Australian Artist and Black Swan Finalist, Andy Quilty.

Along with Year 10 student Lucas Tan winning 2<sup>nd</sup> prize at last year's prestigious Black Swan Portraiture Youth Awards, CVC was the recipient of the senior school prize - a workshop led by one of the Black Swan finalists.

Renowned artist Andy Quilty is from Rockingham and has been a finalist in a number of significant national and international art prizes including the Black Swan Prize for Portraiture. Quilty runs art education workshops in schools and correctional institutions throughout WA, and is a sessional tutor at The University of Western Australia and patron for the Military Art Program. "It's important for students to learn an exploratory and fearless approach to formulating ideas and making work. By introducing the notion of 'happy accidents' and removing the idea of 'mistakes' students can take a less hesitant and more expressive approach. This is really beneficial as these emerging artists develop and inform their own practice", he said.

The workshop with began with Andy going through the evolution of his work, his processes and ideas. Andy then stepped through and introduced the students to a number of processes he has used in the course of his work. From this the students began to work under his careful eye.

The students worked with pencil, charcoal and ink. Each drawing building upon the challenges from the previous one. The work the students created in such a short period of time not only impressed their teachers but also Andy. He was very impressed with the level of work of the students on that day.

The students selected to partake in the workshop have all shown an avid interest and talent in portraiture. They were very excited about the knowledge and unique artistic approach Andy shared with them and have taken away invaluable creative and practical skills. The workshop marked the end of exams for our Year 11 and 12 students so it is a great way to celebrate.

We all look forward to seeing what these students create to enter into this year's Black Swan Youth Award.

*Mrs Erin Roberts - Head of Art*

## CVC STUDENT SELECTED FOR 2018 WEARABLE ARTS SHOWCASE

Congratulations to 2017 Year 12 student Jenny Jang for being selected into the finals of the 2018 Wearable Arts Show in Mandurah.

Jenny's wearable art, titled *Fabricated to Perfection* will be on display along with 73 other works at the showcase on Saturday 9th and Sunday 10th June 2018.

Wearable Art Mandurah encourages new ways of viewing the world through thought-provoking works of art for the body. More than a competition, it builds capacity through workshops, showcase events and exhibitions of works.

Wearable Art Mandurah is one of the city's most engaging artistic attractions. It is forging a name for itself internationally and winning awards along the way. The premier event of its kind in Australia, it now attracts entrants from across the world.

Jenny describes her art as "a depiction of the expectations placed upon a bride on the day of her wedding. Created with recycled paper to contradict the societal norms of spending ridiculous amounts of money for a wedding not only to please themselves, but more so to please others. More than 1000 white origami roses act as a representation of the pressures a bride feels on her "perfect" day with the whirlwind feature-like roses creating a sense of chaos.'

Tickets to the showcase can be purchased here: <https://www.manpac.com.au/show/wearable-art-2018/>

## YR 9 JOSHUA JAMES COMPETES IN SPECIAL OLYMPICS NATIONAL GAMES

Congratulations to Year 9 student Joshua James who was chosen to represent WA at the Special Olympics National Games held in Adelaide last month (April).

Josh scored two goals for the 5-a-side team and came home with a Bronze medal.

As part of the 'Equal Opportunity' Program, Josh has been playing with the Lynwood United Football Club for the last few years. The

program provides different pathways as players develop and improve their skills and game play. Under the 'All Star's Pathway' (Special Olympics) Joshua was selected and qualified for the games.

"We would like to thank Mr Singh, Mr Wilmot and all the EAs from LEAP for all their support and encouragement for Joshua to play sports during his Physical Education class, recess, lunch in the lead up to the Special Olympics National Games. The more chances our children are given, the more opportunities for them to succeed," said Josh's parents Kym and Beatriz.

## BIG DAY IN IT EXCURSION

On Tuesday the 8th of May, a group of 23 CVC students had the opportunity to attend the Big Day In, an Information Technology careers conference hosted by Curtin University.

The conference, which is an initiative by the ACS (Australian Computer Society) is designed for high school students who are considering a future in technology.

Students were able to hear from several guest speakers about the endless careers and opportunities that come from studying and engaging in the technologies field. A reoccurring theme was centered around Cybersecurity and how to ensure we are always protecting our personal information in the real and digital worlds.

The show floor was also filled with tertiary education and company booths, all of which were there to inspire students, and also to give out lots of free stuff which I can proudly say we took advantage of. I think we can say we all enjoyed the game, 'Dab Dab Revolution', even at the expense of the students laughing at myself and Mr Talbot attempting to 'dab'.

Students were also able to experience Virtual Reality by sitting in an RAC rescue helicopter and witness first hand an incident being responded to.

Special thanks to all Mr Talbot and Mrs Govorko for their assistance with the excursion! Well done to all students involved for their organisation, positive behaviour and wonderful sense of humour on the day. We do hope that you are inspired to pursue a career in the technologies!

## REALITY TV STAR BLAKE GARVEY VISITS CVC STUDENTS

During Week 3, Year 12 General English students had The Bachelor from Season 2, Perth local, Blake Garvey come in to talk about reality TV and his experience on The Bachelor.

## FORMER CVC STUDENT DEBUTS FOR WESTERN FORCE

An emotional Brad Lacey described running onto the field for his debutant game at the Western Force as “unreal”. “It was everything I hoped for and more, especially to be handed the cap now to be the 165th player to play for the Western Force is a dream come true,” Lacey said.

The 24-year-old former Canning Vale College student moved back to Perth after a year-long stint with the Queensland Reds and Brisbane City to play for the Force.

Lacey struggled to find the words to describe the night after celebrating the win with Wolfmother in the change room.

“Record-breaking crowd at NIB stadium, it’s unbelievable. The feeling in the changing room and the feeling outside shows Perth really came together tonight,” he said.

Lacey described the team as “electric” when the final siren sounded.

“Fiji was unbelievable tonight, they came back and really fought to the death moment,” he said.

## CVC ESPORTS CLUB

Yes, you heard right! Canning Vale College has an Esports Club.

After missing out on the competitive inter-school Esports season last year, many passionate students were keen to ensure that we could make this dream of having Esports at CVC a reality in 2018. Esports (or Electronic Sports), is competitive video gaming - and it is a lot more difficult (and stressful) than it sounds. We have approximately 55 club members to date, and two regional teams for the games, **Overwatch** and **Counter Strike: Global Offensive (CS:GO)**.

### REGIONALS ROUND 1: MAY 5

#### Canning Vale Overwatch (WA) VS St. Eugene's College (QLD)

Being Flaktest Gaming's Featured match of the week, this was live streamed on Twitch and can be rewatched [here](#). Despite only playing together for a short time our team showed that CVC should not be underestimated, winning [2 - 1] in the first game and [2 - 0] in the second.

#### Canning Vale CS:GO (WA) VS Claver Esports (QLD)

Our team has already shown what they are capable of in the first match. Although they may not be happy with the end result, they have shown their resilience against a strong opposing team! Final Score [11 - 16].

### REGIONALS ROUND 2: MAY 12

Both teams have continued to showcase their skills this round, bringing home two wins!

#### Canning Vale Overwatch (WA) VS Shenton Fort Knightz (WA) Game 1: [2 - 0], Game 2: [2 - 0]

#### Canning Vale CS:GO (WA) VS SMA 1 PSKD (Indonesia) Final Score: [16 - 0]

This opportunity has been made possible thanks to the amazing people at the community organisation, [Flaktest Gaming](#). Their main goal is to "provide young people an opportunity to participate, learn and compete in esports in a safe and supportive environment." Lastly, many thanks to Year 10 student Megan Chow for our Discord Logo, it looks great! I look forward to keeping you posted on future Community Events as well as all achievements in the future.

*Miss Piccioni (Digital Technologies Teacher)*

## ANZAC DAY ASSEMBLIES

In Week 1 and 2 of Term 2, CVC staff and students gathered together to represent the youth of the ANZAC spirit. The three commemorative assemblies enable students to reflect and honour the service and sacrifice of all Australians who have served in war or peacekeeping operations, both past and present.

Speeches were made by student councillors, who reflected on the significance and importance of this national occasion. Terry Healy MLA Southern River and Yaz Mubarakai MLA Jandakot assisted in the presentation of the wreaths. As the Last Post was played, the flag was lowered and all in attendance observed one minute of silence. CVC's Vocal Ensemble performed a harmonised rendition of the Australian National Anthem, to close the assemblies.

### 3 CVC STUDENTS COMPETE IN WA YOUTH POETRY SLAM

On the first Sunday of the school holidays, three CVC students competed in the finals of the WA Youth Slam - a performance poetry competition for under 18s.

Paige Scrafton (Year 7), Keisha Patricio (Year 8) and Nouvelle Tamilalagan (Year 8) performed original poems in front of a crowd of poets, artists, family and friends at the State Theatre Centre as part of Youth Week WA Kickstart Festival.

Each student displayed confidence and creativity, and many spectators commented on how well our students performed – particularly as they were a few years younger than other finalists.

All three CVC students did themselves proud, and Keisha Patricio did a great job in coming third.

Well done to Audrey Keenan (Year 7), Abbey Johnson (Year 7) and Danica Ong (Year 8) who competed in the heats leading up to the final.

Thanks to Miss Lumsden who coached the students to this great success!

### YEAR 11 LITERATURE STUDENTS ATTEND CRUCIBLE PERFORMANCE

On Thursday March 22, Year 11 Literature students attended a performance of The Crucible at the WA Academy of Performing Arts.

Arthur Miller's famous play is a fictionalised version of the Salem Witch Trials and he also intended it to be seen as an allegory for the persecution of communists in 1950s America.

The Literature students enjoyed the experience of seeing live theatre and found it a great way to enhance their knowledge of their studied text.

## CVC MAVERICK ONE OF 14 TO ATTEND RAAF'S FLIGHT CAMP FOR YOUNG WOMEN

---

Year 11 CVC student Cairenn Dawson was one only 14 selected to attend last month's Royal Australian Air Force Flight Camp for Young Women at Base Pearce. Cairenn was given to opportunity to experience military aviation roles first hand and learn the routines of an Air Force base.

Cairenn said it was an experience she would never forget.

"I enjoyed the (flight) simulator because I got to sit inside a realistic aircraft cockpit with realistic controls and pilot the aircraft while speaking to an instructor through a headset," she said.

"The cockpit was completely surrounded by a screen that showed a realistic view of Perth – it was very cool."

Diversity and Inclusion officer in charge squadron leader Jacqueline Killain said the participants were also able to enjoy mentoring sessions with pilot trainees and aviation officers, as well as team building and public speaking activities and military fitness training.

She said camp participants were selected on the strength of their application, leadership qualities and interest in future pilot and officer aviation roles.
