# ENGLISH LEARNING AREA

## Do I have to study English in Year 11 and 12?

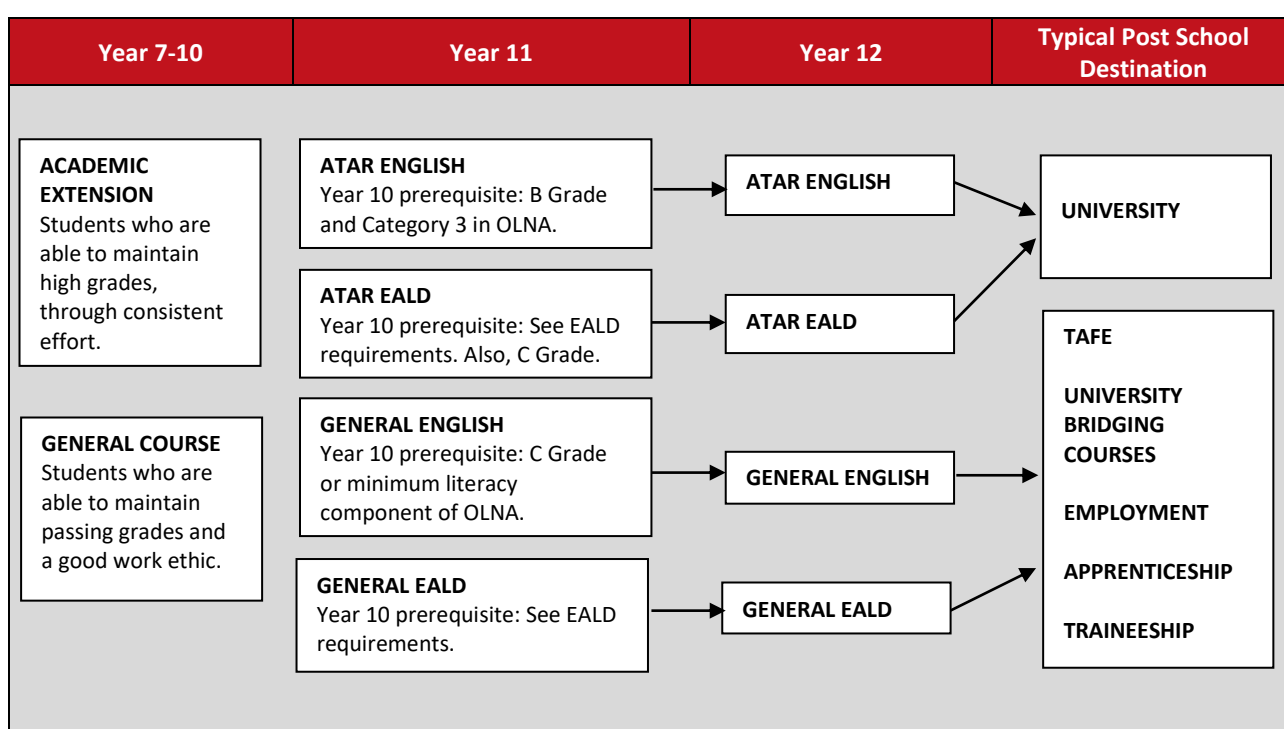

Yes, in order to meet the WACE (Western Australian Certificate of Education) requirements, it is compulsory for you to complete two Year 11 English, EALD or Literature units and one pair of Year 12 English, EALD or Literature units.

## What is Literacy Competence?

Literacy competence is the term used by the School Curriculum and Standards Authority (SCSA) to describe a student's proven ability to deal with everyday written and spoken communications. At the end of Year 12 a student must achieve English language competence in order to fulfil WACE (Western Australian Certificate of Education) requirements. The literacy standard can be met either through the Online Literacy and Numeracy Assessment (OLNA) or by achieving Band 8 or higher in the associated components of reading and writing in the Year 9 NAPLAN tests.

## Course Prerequisites & Students Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

## ATAR English Units 3 & 4

### Requirements

- C grade or above in ATAR English Units 1 & 2 **OR** C grade or above in ATAR Literature Units 1 & 2.
- ATAR English Units 3 & 4 are required to be completed as a set of paired units in Year 12.

### What Is It All About?

The English ATAR course focuses on developing students' analytical, creative, and critical thinking and communication skills in all language modes, encouraging students to critically engage with texts from their contemporary world, the past, and from Australian and other cultures. Through close study and wide reading, viewing and listening, students develop the ability to analyse and evaluate the purpose, stylistic qualities and conventions of texts and to enjoy creating imaginative, interpretive, persuasive and analytical responses in a range of written, oral, multimodal and digital forms.

### Why Should I Choose This Course?

ATAR English Units 3 & 4 is a recommended course for students who are hoping to study at university. Students will undertake a compulsory examination at the end of Year 12 which will allow them to generate an ATAR (Australian Tertiary Admission Rank).

Universities have approved the removal of the unacceptable combination rule for English ATAR and Literature ATAR, effective for the 2020 ATAR calculation onwards. This means that, if a student takes English ATAR and Literature ATAR, scaled scores from both courses can count towards their Tertiary Entrance Aggregate and ATAR.

CAREER POSSIBILITIES	FURTHER STUDY	
The Arts Business and Commerce Education Health Humanities IT Law Science Engineering	<b>TAFE</b> Allows students to demonstrate communication skills for TAFE entrance purposes.	<b>UNIVERSITIES</b> Allows students to demonstrate literacy competence for university admission purposes.

### ATAR English as an Additional Language/Dialect (EALD) Units 3 & 4

#### Requirements

- C grade or above in ATAR EALD Units 1 & 2.
- ATAR EALD Units 3 & 4 are required to be completed as a set of paired units in Year 12.

The ATAR EALD course will be available to a student in Year 12 who is seeking university entrance and:

- Whose first language is not English and who has not been a resident in Australia or another predominantly English speaking country for a total period of more than seven years immediately prior to 1 January of the year of enrolment into Year 12, AND for whom English has not been the main medium of communication and/or instruction for more than seven years immediately prior to 1 January of the year of enrolment into Year 12.
- Who is Aboriginal or Torres Strait Islander, or from Cocos Island or Christmas Island, for whom SAE has been the medium of instruction, but for whom SAE is an additional language/dialect, and whose exposure to SAE is primarily within the school context.
- Who is deaf or hard-of-hearing and communicates using signing, such as Auslan, as their first language.
- Whose first language is not English and who was born outside Australia and has had little or no formal education prior to arriving in Australia.
- Whose first language is not English and who was born outside Australia or in a remote part of Australia and has had a disrupted formal education whose first language is not English and who has been a resident in Australia for more than seven years prior to 1 January of the year of enrolment into Year 12, but who has had little or disrupted formal education in SAE, resulting in significant disadvantage.

#### What Is It All About?

The EALD courses are designed for students who speak another language or dialect as their first or 'home' language. EALD focuses on development of the competent use of Standard Australian English (SAE) in a range of contexts. The EALD ATAR course develops academic English skills to prepare students for tertiary study.

#### Why Should I Choose This Course?

ATAR English as an Additional Language or Dialect is a recommended course for students who are hoping to study at university. You will undertake a compulsory examination which will allow you to generate an ATAR (Australian Tertiary Admission Rank).

CAREER POSSIBILITIES	FURTHER STUDY	
Arts Business and Commerce Education Health Humanities Information Technology Science and Engineering	<b>TAFE</b> Allows students to demonstrate communication skills for TAFE entrance purposes.	<b>UNIVERSITIES</b> Allows students to demonstrate English competence for university admission purposes.

## General English Units 3 & 4

### Requirements

General English Units 3 & 4 are required to be completed as a set of paired units in Year 12.

### What Is It All About?

The General English course focuses on consolidating and refining the skills and knowledge needed by students to become competent, confident and engaged users of English in everyday, community, social, further education, training and workplace contexts. The course is designed to provide students with the skills to succeed in a wide range of post-secondary pathways by developing their language, literacy and literary skills. Students comprehend, analyse, interpret, evaluate and create analytical, imaginative, interpretive and persuasive texts in a range of written, oral, multimodal and digital forms.

### Why Should I Choose This Course?

General English Units 3 & 4 is a suitable course for students seeking to demonstrate communication skills for State Training Provider admission purposes.

CAREER POSSIBILITIES	FURTHER STUDY	
Arts, sport & tourism Business, finance & property Education Fashion & textiles Health & community services Information technology Science	<b>TAFE</b> Allows students to demonstrate communication skills for TAFE entrance purposes.	<b>UNIVERSITIES</b> Allows students to demonstrate English competence for university admission purposes.

## General English as an Additional Language/Dialect (EALD) Units 3 & 4

### Requirements

General EALD Units 3 & 4 are required to be completed as a set of paired units in Year 12. The General EALD course will be available to a student in Year 12 who is seeking to study at a State Training Provider or enter the workforce and:

- Whose first language is not English and who has not been a resident in Australia or another predominantly English speaking country for a total period of more than seven years immediately prior to 1 January of the year of enrolment into Year 12, AND for whom English has not been the main medium of communication and/or instruction for more than seven years immediately prior to 1 January of the year of enrolment into Year 12.
- Who is Aboriginal or Torres Strait Islander, or from Cocos Island or Christmas Island, for whom SAE has been the medium of instruction, but for whom SAE is an additional language/dialect, and whose exposure to SAE is primarily within the school context.
- Who is deaf or hard-of-hearing and communicates using signing, such as Auslan, as their first language
- Whose first language is not English and who was born outside Australia and has had little or no formal education prior to arriving in Australia.
- Whose first language is not English and who was born outside Australia or in a remote part of Australia and has had a disrupted formal education whose first language is not English and who has been a resident in Australia for more than seven years prior to 1 January of the year of enrolment into Year 12, but who has had little or disrupted formal education in SAE, resulting in significant disadvantage.

### What Is It All About?

The EALD courses are designed for students who speak another language or dialect as their first or 'home' language. EALD focuses on development of the competent use of Standard Australian English (SAE) in a range of contexts. The EALD General course prepares students for a range of post-secondary destinations in further education, training and the workplace.

### Why Should I Choose This Course?

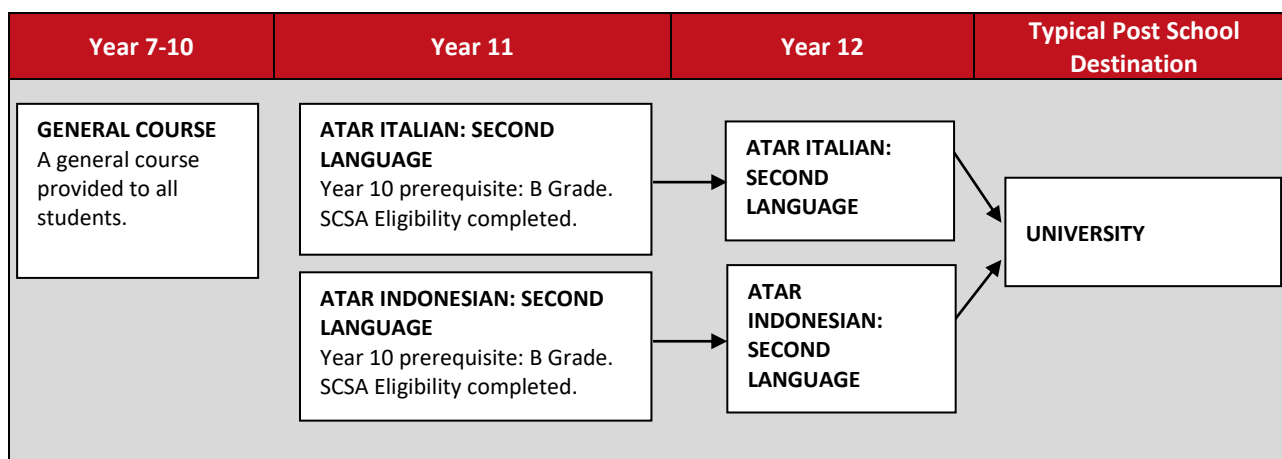

This is a suitable course for students seeking to demonstrate communication skills for State Training Provider admission purposes, or for those who wish to enter the workforce or undertake an apprenticeship or traineeship.

CAREER POSSIBILITIES	FURTHER STUDY	
Animal care Arts & recreation Automotive Beauty Business & finance Electrical Fashion & textiles Food Hairdressing Health Hospitality Information technology	<b>TAFE</b> Allows students to demonstrate communication skills for TAFE entrance purposes.	<b>UNIVERSITIES</b> Not applicable.

## LANGUAGES LEARNING AREA

### Course Prerequisites & Students Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

### ATAR Italian: Second Language Units 3 & 4

#### Requirements

C grade in ATAR Italian: Second Language Units 1 & 2.

#### What Is It All About?

**Unit 3** focuses on *Grazie Italia (thank you Italy)*. Through the three topics - *Cose italiane* (All things Italian), *La vita italiana* (Italian lifestyle), and *Il Made in Italy nel mondo* (Made in Italy around the world) - students extend and refine their communication skills in Italian and gain a broader and deeper understanding of the language and culture.

**Unit 4** focuses on *Ieri, oggi e domani (Yesterday, today and tomorrow)*. Through the three topics - *Riflettiamo sulla vita e pensiamo al futuro* (Reflecting on my life and planning my future), *I problemi dei giovani oggi* (Youth issues), and *I problemi ambientali* (Environmental issues) - students extend and refine their communication skills in Italian and gain a broader and deeper understanding of the language and culture.

#### Why Should I Choose This Course?

- You have an interest in the language and culture of Italy.
- You want to earn bonus marks towards your ATAR for entry to UWA, Curtin University, Murdoch University or ECU (or other universities around Australia).
- You want to develop your confidence and communication skills and improve your understanding of the English language.
- You want enhanced career prospects through having the knowledge of a second language.

CAREER POSSIBILITIES	FURTHER STUDY	
Italian is a useful subject for a range of careers in which communication with people is important. These include careers in the fields of hospitality and tourism, medicine, science and engineering, education and the arts.	<b>TAFE</b> Diploma Applied Language Studies	<b>UNIVERSITIES</b> Students can continue their language studies at university and it is possible to combine languages with courses from many other disciplines. Contact the universities for more information.

## ATAR Indonesian: Second Language Units 3 & 4

### Requirements

C grade in ATAR Indonesian: Second Language Units 1 & 2.

### What Is It All About?

**Unit 3** focuses on *Aneka Wacana (Exploring Texts)*. Through the three topics - *Texts and genres, Media and entertainment* and *Globalisation and the media* - students extend and refine their communication skills in Indonesian and gain a broader and deeper understanding of the language and culture.

**Unit 4** focuses on *Isu Hangat (Exploring Issues)*. Through the three topics - *Youth Issues, Social Issues, and Australia / Indonesia Relations* - students extend and refine their communication skills in Indonesian and gain a broader and deeper understanding of the language and culture.

### Why Should I Choose This Course?

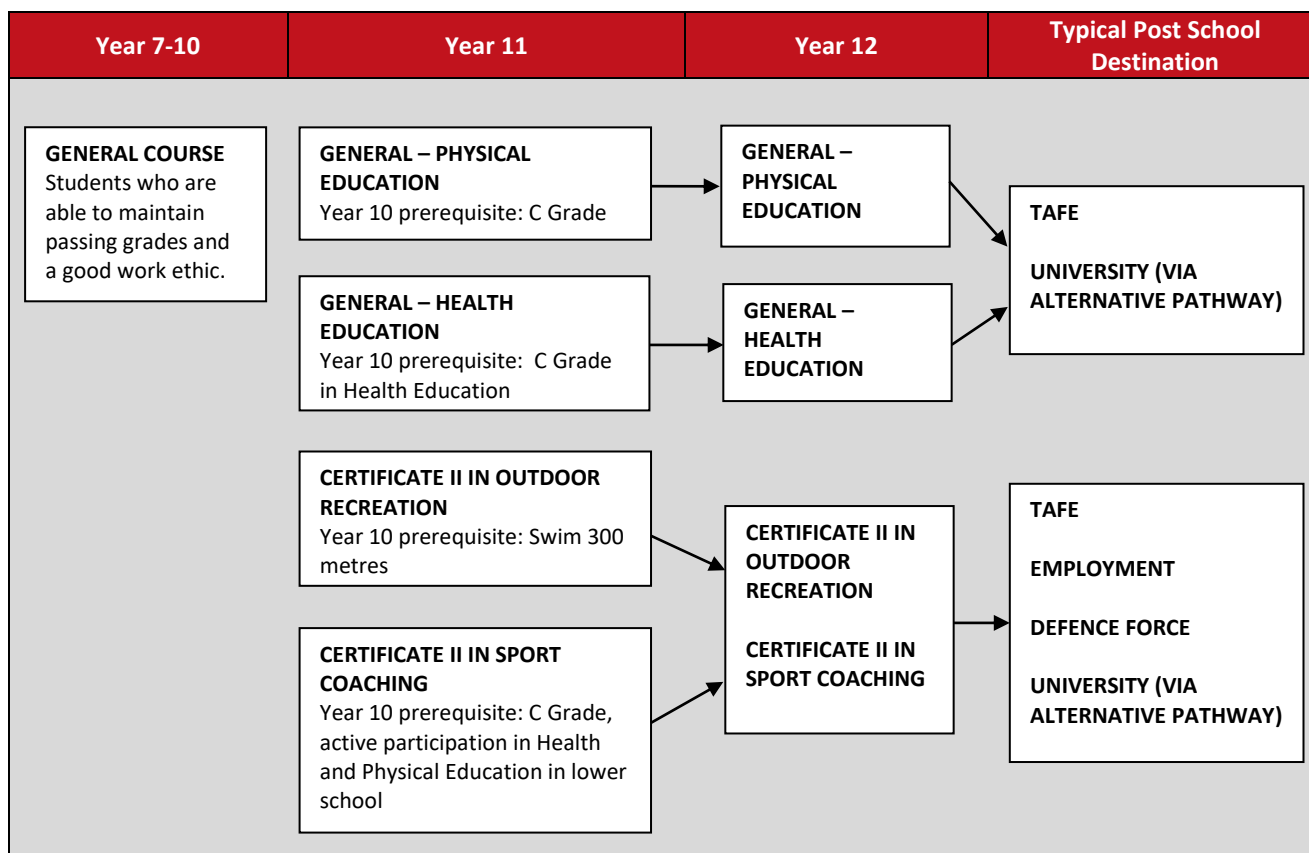

- You have an interest in the language and culture of Indonesia.
- You want to earn bonus marks towards your ATAR for entry to UWA, Curtin University, Murdoch University or ECU (or other universities around Australia).
- You want to develop your confidence and communication skills and improve your understanding of the English language.
- You want enhanced career prospects through having the knowledge of a second language.

CAREER POSSIBILITIES	FURTHER STUDY	
Indonesian is a useful subject for a range of careers in which communication with people is important. These include careers in the fields of hospitality and tourism, medicine, science and engineering, diplomacy, education and the arts.	<b>TAFE</b> Diploma Applied Language Studies	<b>UNIVERSITIES</b> Students can continue their language studies at university and it is possible to combine languages with courses from many other disciplines. Contact the universities for more information.

# HEALTH & PHYSICAL EDUCATION LEARNING AREA

## Course Prerequisites & Student Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

## Physical Education Studies General Units 3 & 4

### Requirements

Students should have successfully completed Units 1 & 2 in Year 11 General Physical Education Studies.

### What Is It All About?

Approximately 50% of this course is practical and 50% is theory. Students will be offered opportunities to enhance and refine their own physical skills in sports within each unit. Practical sessions will include a variety of sports depending on availability of facilities and may include squash, lawn bowls, ten pin bowling, trampolining, golf and volleyball. These sports help link classroom-based knowledge with practical application.

The theory focus is on introductory anatomy, physiology and, personal training and coaching methodology. This leads on to leadership, mental skills and refinement of skills to realise personal potential. Basic theory topics include sports nutrition, introduction to mental skills training, basic biomechanics, communication, coaching styles and training principals, media influences, analysing skills and tactics, and goal setting.

### Why Should I Choose This Course?

There are some strong links between Physics, Dance and Human Biology. This course will be beneficial for students who would like to pursue a career in sports and/or human biological sciences.

CAREER POSSIBILITIES		FURTHER STUDY
Dancer Army Soldier Fire Fighter Navy Sailor Health Worker	Weight Loss Counsellor Nurse Fitness Instructor Sports Coach Leisure Industry	<b>TAFE</b> Certificate II or higher Some units can be used in other TAFE packages

## Health Education Studies General Units 3 & 4

### Requirements

Satisfactory completion of Year 11 Health Studies General Units 1 & 2

### What Is It All About?

#### Unit 3

This unit builds students' knowledge and understandings of health determinants and their interaction and contribution to personal and community health. Students define and consolidate their understandings of health promotion, and are introduced to a personal behaviour change model and a framework for health promotion action. Health literacy skills, which support positive health consumer practices, and a range of factors influencing the use of health products and services, are examined. Students expand on their understanding of the impact of beliefs on health behaviour by exploring the elements of the health belief model. Students will also apply their knowledge and skills in Health promotion by planning and implementing a Health Week Expo which aims to raise awareness of key health issues in our community.

#### Unit 4

This unit builds students' knowledge and understandings of the impact of health determinants on personal and community health. The concept of community development and the importance of participation and empowerment in strengthening communities is introduced. Students learn about Australia's National Health Priority Areas (NHPAs) and a range of preventive strategies to reduce risk and contribute to better health. The use of social marketing to promote positive health messages and products is explored. In a personal sense, students are introduced to emotional intelligence as a mechanism for perceiving, controlling and evaluating emotions.

## SIS20419 - Certificate II in Outdoor Recreation

Qualification	SIS20419 Certificate II in Outdoor Recreation	RTO	AIET (121314) <a href="http://www.aiet.edu.au">www.aiet.edu.au</a>	
Program Duration	2 years	RTO enrolment	The school has partnered with AIET (121314) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Third Party Providers	Responsible Service of Alcohol (RSA) is delivered by Clear to Work (21907)			

### Requirements

- Students must be active and have a passion for the outdoors. They must also be competent in the water, **being able to swim 300 metres**.
- Students should have successfully completed the units in Year 11 Outdoor Recreation to obtain the full qualification.

### What Is It All About?

The Certificate II in Outdoor Recreation provides the student with the opportunity to acquire skills to participate in multiple recreational activities. This is a very practical subject. Activities include abseiling, canoeing, cycling, snorkelling, yachting, and power boating (includes obtaining a Recreational Skippers Ticket). Students will also conduct and plan outdoor activities considering logistics and Occupational Health and Safety. Two camps/expeditions are also part of this course and it is compulsory for students to attend.

### Why Should I Choose This Course?

On successful completion of this qualification delivered over two years, students will receive their SIS20419 - Certificate II in Sport and Recreation.

CAREER POSSIBILITIES	FURTHER STUDY	
Police/Defence Force CALM Ranger Recreation Officer Instructor in Abseiling & Climbing	<b>TAFE</b> Sport & Recreation Health & Safety Outdoor Recreation	<b>UNIVERSITIES</b> Bachelor of Human Movement & Recreation Bachelor of Physical Education (Outdoor

Emergency Services Tourism Marine Studies		Education) Sports Science

### SIS20321 - Certificate II in Sport Coaching

Qualification	SIS20321 Certificate II in Sport Coaching	RTO	AIET (121314) <a href="http://www.aiet.edu.au">www.aiet.edu.au</a>	
Program Duration	2 years	RTO enrolment	The school has partnered with AIET (121314) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Work Placement Requirements	It is recommended that students undertake a 2-week ADWPL placement relevant to this qualification.	Third Party providers	First Aid Training delivered under auspice agreement with St John Ambulance WA (0392)	

#### **Requirements**

- Successful progress and active participation in lower school general physical education is essential.
- Students should have successfully completed the units in Year 11 Sport Coaching to obtain the full qualification.

#### **What Is It All About?**

This course is made up of 70% practical and 30% theory. The practical will include participation in a variety of sports, developing skills, tactics and game play. Sports will depend on the availability of resources. Practical sessions also include developing sporting activities and First Aid (enabling students to obtain a First Aid Certificate). Theory consists of body systems, sports medicine, coaching skills, sport and society, fitness and interpersonal skills.

The Sport Industry Training package qualification holds the relevant units of competency for various sporting disciplines and allows students to obtain formal recognition from the government and community for their sporting discipline studies. Students will receive a Certificate II to help towards further employment and studies.

#### **Why Should I Choose This Course?**

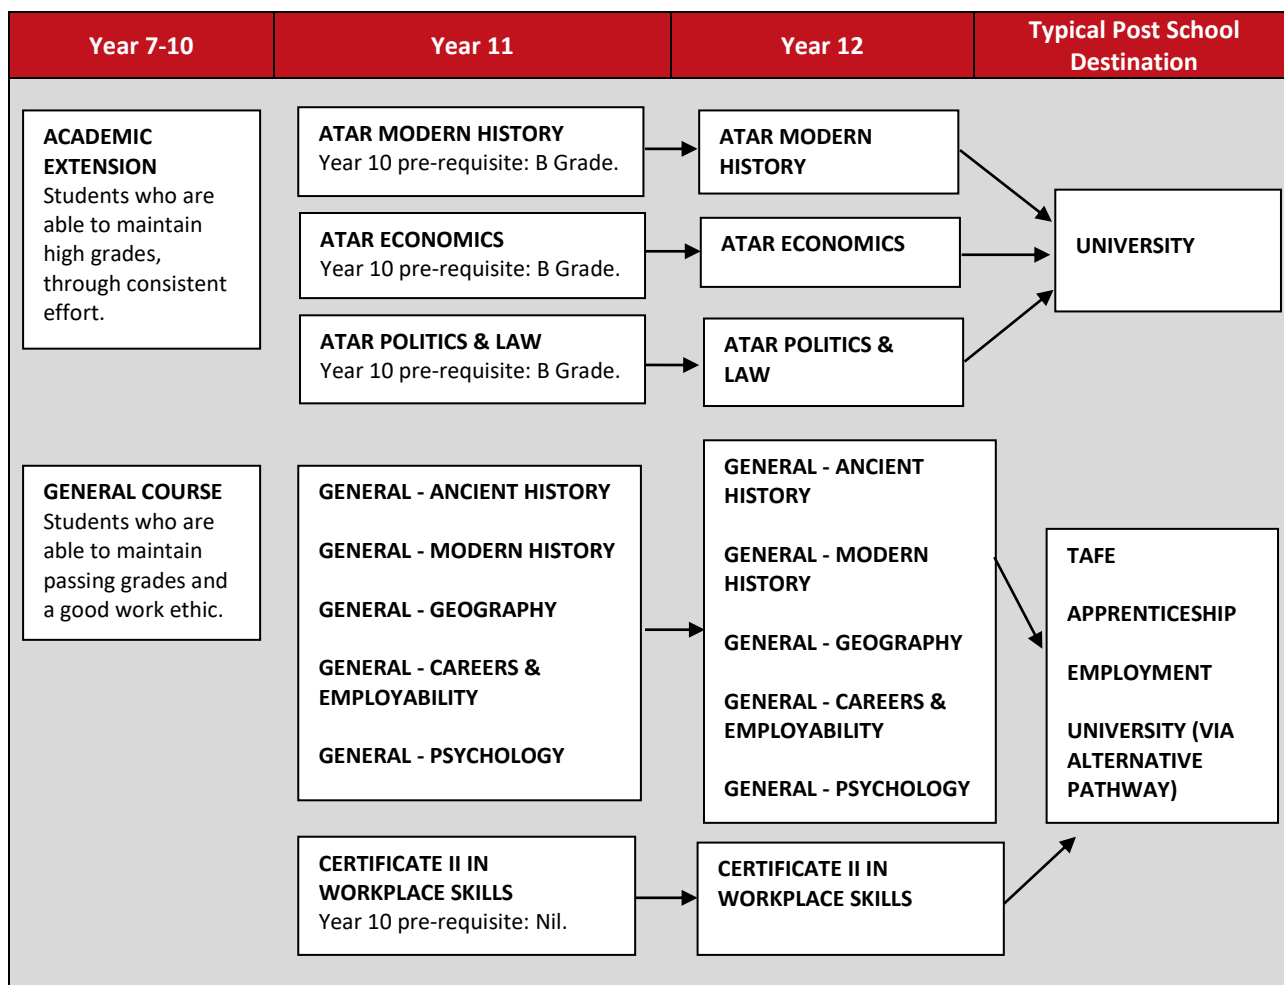

On successful completion of this qualification delivered over two years, students will receive their SIS20321 - Certificate II in Sport Coaching.

CAREER POSSIBILITIES	FURTHER STUDY	
Leisure industry Fitness instructor Coaching Umpiring Armed Services	<b>TAFE</b> Certificate III Sports Coaching Some units can also be used for other TAFE packages.	<b>UNIVERSITIES</b> Bachelor of Social Science (Leisure Sciences) Bachelor of Social Science (Sports Management) Bachelor of Education (majoring) in Physical Education Bachelor of Education (Sports Science)

# HUMANITIES & SOCIAL SCIENCES LEARNING AREA

## Course Prerequisites & Students Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

## Modern History ATAR Units 3 & 4

### Requirements

Successful completion of Year 11 Modern History ATAR Units 1 and 2.

### What is it all about?

This course examines the forces, events and ideas that have shaped the modern world, with a focus on the 20th century. Students explore key developments, movements for change and global crises, and how nations responded to them. Students continue to develop increasingly sophisticated skills in analysing evidence, understanding differing interpretations and constructing reasoned explanations about the past.

**Unit 3** – Modern Nations in the 20<sup>th</sup> Century. Elective: Russia 1914-1945

In this unit, students examine the ‘nation’ as the principal form of political organisation in the modern world; the crises that confronted nations in the 20th century; their responses to these crises, and the different paths they have taken to fulfil their goals.

**Unit 4** – The Modern World since 1945. Elective: The changing European World since 1945

In this unit, students focus on the distinctive features of the modern world that emerged in the period 1945–2001. It aims to build their understanding of the contemporary world; that is, why we are here at this point in time.

### **Why should I choose this course?**

This course is suited to students who are interested in developing strong analytical, research and writing skills. Through the study of Russia (1914–1945) and the changing European world since 1945, you will examine how ideologies, conflict and leadership have shaped the modern world. You will learn to analyse and evaluate a wide range of sources, construct well-supported arguments, and respond to complex historical questions. These skills are essential for success in ATAR assessments and further study. Modern History also deepens your understanding of contemporary global issues by exploring their historical origins, while developing critical thinking and the ability to interpret different perspectives.

<b>CAREER POSSIBILITIES</b>	<b>FURTHER STUDY</b>	
Wide range of organisations including government and non-government sectors, e.g. Museum and heritage sector Library and information services Local, state and federal government Archives and records management Journalism and media Teaching Law and legal services Policy, politics and public service Research and academia International relations	<b>TAFE</b> Arts Media and Communications Business Community Services Public Administration Legal Studies	<b>UNIVERSITIES</b> Arts Humanities Social Science Law Journalism Education Politics

## **Economics ATAR Units 3 & 4**

### **Requirements**

Successful completion of Year 11 ATAR Economics.

### **What Is It All About?**

Current economic issues with respect to both the Australian and Global economy, with a particular focus on Australia. Aspects of macroeconomics, global economics and government economic policies are covered.

### **Unit 3 - Australia and the Global Economy**

This unit explores Australia's economic relationships with other economies, and contemporary global economic events and issues of significance to Australia. The focus on Australia provides students with the relevant background necessary for an understanding of their own economy.

### **Unit 4 - Economic Policies and Management**

The unit explores how economic policies and actions of the government and the authorities, such as fiscal policy, monetary policy and micro-economic reform operate in the pursuit of the economic objectives of the government.

### **Why Should I Choose This Course?**

- Provides students with some of the tools of economic analysis as a means of illustrating and explaining basic economic principles and concepts.
- Promotes the use of rational, objective methods in explaining economic issues.
- Gain transferable skills such as analytical, application and evaluative skills which are highly valued by colleges, universities and employers.

<b>CAREER POSSIBILITIES</b>	<b>FURTHER STUDY</b>	
Real Estate Agent Economist Finance Broker Accountant Business	<b>TAFE</b> Business Studies	<b>UNIVERSITIES</b> Bachelor of Commerce – Economics Politics and Law

## Politics and Law ATAR Units 3 & 4

### **Requirements**

Successful completion of Year 11 Political and Legal Studies.

### **What Is It All About?**

Unit 3 examines the political and legal system established by the Commonwealth Constitution (Australia) and the power wielded within the system, making reference to particular political and legal developments and issues. Unit 4 examines avenues for, and the effectiveness of, accountability in relation to the three branches of government in Australia. The ways, and the extent to which, rights are protected, and democratic principles are upheld and/or undermined in Australia, and one other country, are also examined.

**Unit 3** – Political and Legal Power.

**Unit 4** – Accountability and Rights.

**Texts:** A variety of source material inclusive of newspaper articles, cartoons, various texts and internet research.

### **Why Should I Choose This Course?**

The skills and values developed in the Politics and Law ATAR course aim to allow students to become informed, active and effective participants in the political and legal decisions that affect their lives within society. This course contributes to students' intellectual, social, and ethical development. The course aims to support all students in developing a sense of identity, and a sense of political, legal, cultural and social awareness. The study of the Politics and Law ATAR course can be a valuable background to careers in law, political advocacy, public administration, international relations, foreign affairs, community development, teaching, journalism, human resource management, government and commerce. This course makes a contribution towards the successful completion of the Western Australian Certificate of Education (WACE).

CAREER POSSIBILITIES	FURTHER STUDY	
Wide range of organisations Museum/Library Government Journalism Teaching Legal Politics	<b>TAFE</b> Arts Media	<b>UNIVERSITIES</b> Arts Humanities Social Science Law Journalism Education Politics

## Ancient History General Units 3 & 4

### **Requirements**

Successful completion of Year 11 General Ancient History units 1 and 2.

### **What Is It All About?**

#### **Unit 3 – Societies and Change**

In this unit, students learn about the evolving nature of societies and the various forces for continuity and change that exist. They also learn that values, beliefs, and traditions are linked to the identity of a society.

#### **Unit 4 – Confrontation and Resolution**

In this unit, students learn that there are internal and external forces that result in confrontation and resolution within societies, and these have consequences for continuity and change.

### **Why Should I Choose This Course?**

History is a course that all students should study. It impacts our daily life and it allows us to understand human evolution of ideas and concepts. There is no exam with this course and it encourages students to develop an interest in a civilisation or a significant person that they find interesting. The course is ideal for a student who is looking towards future employment or study due to the research and writing skills that will be acquired during the course.

CAREER POSSIBILITIES	FURTHER STUDY	
Wide range of organisations. Museum Library Local Government Archives Journalism Teaching	<b>TAFE</b> Arts Journalism/Media	<b>UNIVERSITIES</b> Arts Humanities Social Science Law Journalism Education Politics

## Modern History General Units 3 & 4

### Requirements

Successful completion of Year 11 General Modern History Units 1 & 2.

### What is it all about?

This course explores the forces that shape societies and influence change. Students investigate the past to understand why groups and nations act as they do today. Through inquiry, they analyse sources, evaluate evidence and consider different perspectives and interpretations. The course develops critical thinking and research skills while helping students understand contemporary issues and the values, beliefs and experiences that shape the modern world.

**Unit 3 – Societies and Change.** Elective: The USA Between the Wars (1918-1941).

Students examine how societies change over time, exploring forces of continuity and change. They analyse how values and beliefs shape identity, and investigate how individuals and groups support or oppose change, leading to differing interpretations of society.

**Unit 4 – Historical Trends and Movements.** Elective: Nazism in Germany.

Students examine how events, ideas and beliefs shape historical trends and movements. They analyse the strategies used to achieve change and their consequences, and consider how different perspectives are emphasised or omitted over time.

### Why should I choose this course?

This course is suited to students who are interested in understanding how the modern world has been shaped and who want to develop strong analytical and communication skills. You will study key events such as the Great Depression, the New Deal, and the rise of Nazism, examining how economic, political and social forces influence societies and impact different groups in different ways. Through this course, you will develop critical thinking by analysing and evaluating sources and interpretations, and learn to construct clear, evidence-based arguments. You will also build strong research, literacy and communication skills, while gaining insight into contemporary issues by understanding their historical roots.

CAREER POSSIBILITIES	FURTHER STUDY	
Wide range of organisations including government and non-government sectors, e.g. Museum and heritage sector Library and information services Local, state and federal government Archives and records management Journalism and media Teaching Law and legal services Policy, politics and public service Research and academia International relations	<b>TAFE</b> Arts Media and Communications Business Community Services Public Administration Legal Studies	<b>UNIVERSITIES</b> Arts Humanities Social Science Law Journalism and Media Education Politics and International Relations

## Careers & Employability General Units 3 & 4

### Requirements

Successful completion of Year 11 General Units 1 and 2.

### **What Is It All About?**

**Unit 3** is about students developing their knowledge, understanding and skills that are associated with adopting a proactive approach to securing and maintaining work in a wide range of various industries.

**Unit 4** is about students continuing to develop their knowledge, understanding and skills required for successful workplace participation for now or the future.

### **Why Should I Choose This Course?**

This unit focuses on adopting a proactive approach to securing and maintaining work. It involves self-management, using work search tools and techniques, developing career competencies, and accessing learning opportunities which are essential for career building. Opportunities are provided for students to further develop the repertoire of career competencies and work search techniques that are directly applicable to securing and maintaining work. Career portfolios are presented in a professional manner and reflect organisation of detailed records of work, training and learning experiences, especially those related to securing and maintaining work. This course will help students seek and gain employment.

CAREER POSSIBILITIES	FURTHER STUDY	
Business Commerce Local Government Public Administration Human Resource Management Government Teacher	TAFE Commerce Media Public Administration Human Resources	UNIVERSITIES Bachelor of Commerce – Economics Teaching Political studies Business

## Geography General Units 3 & 4

### **Requirements**

Successful completion of Year 11 General Geography Units 1 and 2.

### **What Is It All About?**

#### **Unit 3 – Natural and Ecological Hazards**

In this unit, students explore the management of hazards and the risks they pose to people and environments. Risk management is defined in terms of preparedness, mitigation and/or prevention.

#### **Unit 4 – Global Networks and Interconnections**

In this unit, students explore the economic and cultural transformations taking place in the world, the spatial outcomes of these processes, and their social and geopolitical consequences that will enable them to better understand the dynamic nature of the world in which they live.

### **Why Should I Choose This Course?**

This course does not have an exam component and includes exciting opportunities for fieldwork excursions to gain practical, hands-on experience. Excursions could include a camp at The Hills Centre. The course is practical and lends itself well to future employment. Universities/TAFE recommend geography for any student who wants to pursue a career in building and architecture. This course also provides insight into the tourism industry, for those students interested in that area.

CAREER POSSIBILITIES	FURTHER STUDY	
Surveying Engineering Advertising Teacher Conservationist Architect Lawyer Defence Forces Tour Guide	TAFE Electrical – Renewable Energy Tourism Community Development Building and Engineering Landscape Design Marine Studies Tourism	UNIVERSITIES Mining Engineering Architecture/ Urban Planning Tourism Education Environmental Science Journalism

## Psychology General Units 3 & 4

### Requirements

Successful completion of Year 11 General Psychology Units 1 & 2.

### What Is It All About?

Studying the Psychology General course introduces students to psychological knowledge which supports an understanding of the way individuals function in groups. Students learn about well-known psychological models and theories, and the methods used to conduct scientific investigations in the discipline of psychology. Acquiring this foundation of scientific method and critical thinking is a valuable skill which students can apply throughout their study, work and everyday lives.

**Unit 3** – This unit explores personality theories and their impact on motivation, delves into states of consciousness and social dynamics, and establishes a foundation in ethical research methodology.

**Unit 4** – This unit examines neuropsychology and brain-behaviour links, explores developmental theories and social group dynamics, and advances proficiency in psychological research methods.

## BSB20120 - Certificate II in Workplace Skills

Qualification	BSB20120 Certificate II in Workplace Skills	RTO	IVET Institute Pty Ltd (40548)	
Program Duration	2 years	RTO enrolment	The school has partnered with IVET (40548) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Work Placement Requirements	It is recommended that students undertake a 2-week ADWPL placement relevant to this qualification.			

### Requirements

Students must have completed all Year 11 units of competency. Students commencing the course in Year 12 will not attain the full qualification.

### What Is It All About?

The Certificate II in Workplace Skills introduces students to the expectations of the modern business environment – developing essential skills in communication, self-management, digital technology, and workplace processes.

Designed to develop the skills necessary for work, this course helps students build practical capabilities in routine administrative tasks while fostering confidence and independence. Students apply their learning in simulated or real workplace contexts, gaining insights into business operations and future employment pathways.

Learning Areas:

- Work readiness & career planning
- Planning & organisation
- Communication & collaboration
- Technology & digital applications

- Critical thinking & problem solving
- Workplace safety & sustainability

**Why Should I Choose This Course?**

This course provides students with the skills to be adequately equipped for placement in the workforce and gain skills to organise personal correspondence and handle everyday finances.

On successful completion of this qualification delivered over two years, students will receive their BSB20120 - Certificate II in Workplace Skills.

# MATHEMATICS LEARNING AREA

## Do I have to study Maths in Year 11 and 12?

Students must select at least one Mathematics course.

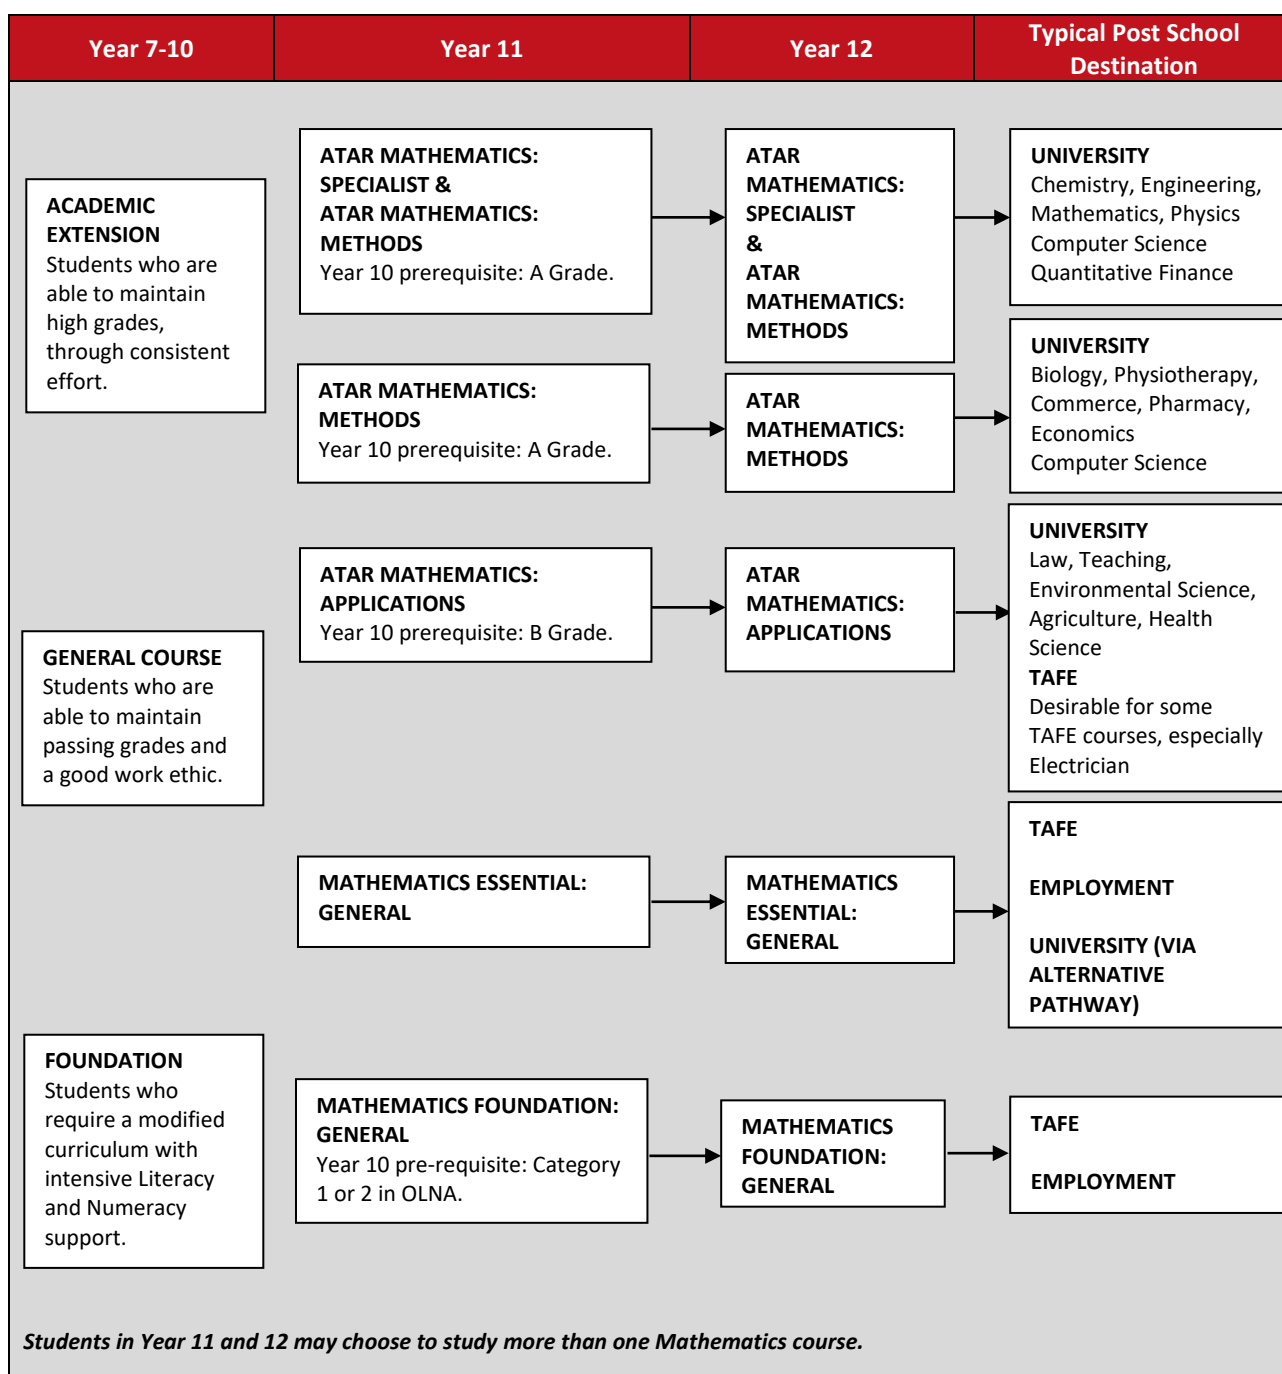

## Unacceptable Combination Rules

Previous unacceptable combination rules have been removed.

Students will continue to be able to contribute all three ATAR Mathematics subjects toward their WACE, however only Mathematics Methods and the highest scaled score out of Mathematics Applications and Mathematics Specialist will be considered in ATAR calculations.

## Course Prerequisites & Students Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

## Mathematics Foundation General Units 3 & 4

### Requirements

Students who have demonstrated the minimum standard of numeracy in Year 9 NAPLAN or Year 10 (via OLN) are **not** eligible to enrol in Foundation Mathematics, unless they have not demonstrated the minimum standard of literacy. Students who demonstrate the minimum standard of numeracy in Semester 1 of Year 11 are not eligible to continue in the Foundations courses in Semester 2 of that year unless they are yet to demonstrate the literacy standard. Students who demonstrate the minimum standard of numeracy in Semester 2 of Year 11 or during Year 12 will be permitted to enrol in Foundation Mathematics in Year 12.

### What is it all about

Mathematics Foundation is designed for students who have not demonstrated the Western Australian Certificate of Education (WACE) standard of numeracy skills. These standards are based on Level 3 of the Australian Core Skills Framework (ACSF) which outlines the skills required for individuals to meet the demands of everyday life and work in a knowledge-based economy.

Foundation courses provide support for the development of functional numeracy skills essential for students to meet the WACE standard of numeracy through engagement with the ACSF Level 3 numeracy core skills.

Year 11 – Units 1 & 2	Year 12 – Units 3 & 4
<ul style="list-style-type: none"> <li>• Whole numbers and money</li> <li>• Addition and subtraction with whole numbers and money</li> <li>• Length, mass and capacity</li> <li>• Time</li> <li>• Data, graphs and tables</li> <li>• Understanding fractions and decimals</li> <li>• Multiplication and division with whole numbers and money</li> <li>• Metric relationships</li> <li>• Perimeter, area and volume</li> <li>• The probability of everyday events</li> </ul>	<ul style="list-style-type: none"> <li>• The four operations: whole numbers and money</li> <li>• Percentages linked with fractions and decimals</li> <li>• The four operations: fractions and decimals</li> <li>• Location, time and temperature</li> <li>• Space and design</li> <li>• Rates and ratios</li> <li>• Statistics and probability</li> <li>• Application of the Mathematical Thinking Process</li> </ul>

### Why should I choose this course?

The Mathematics Foundation course recognises some students have significant gaps in basic mathematical understanding and application by the time they enter senior school. However, these same students have the potential to learn, especially when involved in a learning program which connects with their current experience and knowledge. The course focuses on functional numeracy embedded in familiar and meaningful contexts which are relevant to young adults.

CAREER POSSIBILITIES	FURTHER STUDY	
This course provides the opportunity for students to prepare for post-school options of employment and further training.	<b>TAFE</b> Many TAFE courses require basic numeracy skills.	<b>UNIVERSITIES</b> Not applicable

## Mathematics Essential General Units 3 & 4

### Requirements

- Minimum Year 11 Mathematics Essential Units 1 & 2.
- May be combined with another Mathematics course.

### What Is It All About?

Mathematics Essential is a General course which focuses on using mathematics effectively, efficiently and critically to make informed decisions. It provides students with the mathematical knowledge, skills and understanding to solve problems in real contexts for a range of workplace, personal, further learning and community settings. This course provides the opportunity for students to prepare for post-school options of employment and further training.

<b>Year 11 – Units 1 &amp; 2</b> <ul style="list-style-type: none"> <li>• Basic calculations, percentages and rates</li> <li>• Using formulas for practical purposes</li> <li>• Measurement</li> <li>• Graphs</li> <li>• Representing and comparing data</li> <li>• Percentages</li> <li>• Rates and ratios</li> <li>• Time and motion</li> </ul>	<b>Year 12 – Units 3 &amp; 4</b> <ul style="list-style-type: none"> <li>• Measurement</li> <li>• Scales, plans and models</li> <li>• Graphs in practical situations</li> <li>• Data collection</li> <li>• Probability and relative frequencies</li> <li>• Earth geometry and time zones</li> <li>• Loans and compound interest</li> </ul>
---	---

### **Why Should I Choose This Course?**

Most employers prefer job applicants to have a strong mathematics background. This course is likely to be most useful for people looking to improve their maths skills to a level suitable for the work force.

CAREER POSSIBILITIES	FURTHER STUDY	
Most trades and business positions.	<b>TAFE</b> Refer to TAFE handbook. Most courses require a minimum standard of Mathematics. This course satisfies the majority. Please check the current handbook.	<b>UNIVERSITIES</b> Not applicable

## Mathematics Applications ATAR Units 3 & 4

### **Requirements**

- Minimum Year 11 Mathematics Applications Units 1 & 2.
- May be combined with another Mathematics course.

### **What Is It All About?**

Mathematics Applications is an ATAR course which focuses on the use of mathematics to solve problems in contexts that involve financial modelling, geometric and trigonometric analysis, graphical and network analysis, and growth and decay in sequences. It also provides opportunities for students to develop systematic strategies based on the statistical investigation process for answering statistical questions that involve analysing univariate and bivariate data, including time series data.

<b>Year 11 – Units 1 &amp; 2</b> <ul style="list-style-type: none"> <li>• Consumer arithmetic</li> <li>• Algebra and matrices</li> <li>• Shape and measurement</li> <li>• Univariate data analysis and the statistical investigation process</li> <li>• Applications of trigonometry</li> <li>• Linear equations and their graphs</li> </ul>	<b>Year 12 – Units 3 &amp; 4</b> <ul style="list-style-type: none"> <li>• Bivariate data analysis</li> <li>• Growth and decay in sequences</li> <li>• Graphs and networks</li> <li>• Time series analysis</li> <li>• Loans, investments and annuities</li> <li>• Networks and decision mathematics</li> </ul>
--	---

### **Why Should I Choose This Course?**

This course is designed for students who want to extend their mathematical skills beyond year 10 level but whose future studies or employment pathways do not require knowledge of calculus. It is designed for students who have a wide range of educational and employment aspirations, including continuing their studies at university or TAFE. This course is particularly desirable for students wishing to become an electrician or plumber.

CAREER POSSIBILITIES	FURTHER STUDY	
Arts Commerce Law Teaching (Primary or Arts) Environmental Science Electrician Plumber	<b>TAFE</b> Refer to TAFE handbook.	<b>UNIVERSITIES</b> When followed by Year 12 Mathematics Applications, this is acceptable for many university courses.

## Mathematics Methods ATAR Units 3 & 4

### Requirements

- Year 11 Mathematics Methods Units 1 & 2.
- May be combined with another Mathematics course.

### What Is It All About?

Mathematics Methods is an ATAR course which focuses on the use of calculus and statistical analysis. The study of calculus provides a basis for understanding rates of change in the physical world, and includes the use of functions, their derivatives and integrals, in modelling physical processes. The study of statistics develops students' ability to describe and analyse phenomena that involve uncertainty and variation.

Year 11 – Units 1 & 2	Year 12 – Units 3 & 4
<ul style="list-style-type: none"> <li>• Functions and graphs</li> <li>• Trigonometric functions</li> <li>• Counting and probability</li> <li>• Exponential functions</li> <li>• Arithmetic and geometric sequences and series</li> <li>• Introduction to differential calculus</li> </ul>	<ul style="list-style-type: none"> <li>• Further differentiation and applications</li> <li>• Integrals</li> <li>• Discrete random variables</li> <li>• The logarithmic function</li> <li>• Continuous random variables and the normal distribution</li> <li>• Interval estimates for proportions</li> </ul>

### Why Should I Choose This Course?

This course is designed for students whose future pathways may involve mathematics and statistics and their applications in a range of disciplines at the tertiary level.

### Tertiary Entrance Aggregate Bonus

10% of the scaled score/s in Mathematics Methods ATAR and Mathematics Specialist ATAR will be added to the Tertiary Entrance Aggregate from which the ATAR will be derived.

CAREER POSSIBILITIES	FURTHER STUDY	
Biology Physiotherapy Commerce Pharmacy Economics Health Science Computer Technology Human Movement Actuarial Science	<b>TAFE</b>	<b>UNIVERSITIES</b> Desirable for most university courses.

## Mathematics Specialist ATAR Units 3 & 4

### Requirements

- Year 11 Mathematics Specialist Units 1 & 2.
- Must be studied with Mathematics Methods.

### What Is It All About?

Mathematics Specialist is an ATAR course which provides opportunities, beyond those presented in the Mathematics Methods ATAR course, to develop rigorous mathematical arguments and proofs, and to use mathematical models more extensively. The Mathematics Specialist ATAR course contains topics in functions and calculus that build on and deepen the ideas presented in the Mathematics Methods ATAR course as well as demonstrate their application in many areas. The Mathematics Specialist ATAR course also extends understanding and knowledge of statistics and introduces the topics of vectors, complex numbers and matrices. The Mathematics Specialist ATAR course is the only ATAR mathematics course that should not be taken as a stand-alone course.

<b>Year 11 – Units 1 &amp; 2</b> <ul style="list-style-type: none"> <li>Combinatorics</li> <li>Vectors in the plane</li> <li>Geometry</li> <li>Trigonometry</li> <li>Matrices</li> <li>Real and complex numbers</li> </ul>	<b>Year 12 – Units 3 &amp; 4</b> <ul style="list-style-type: none"> <li>Complex numbers</li> <li>Functions and sketching graphs</li> <li>Vectors in three dimensions</li> <li>Integration and applications of integration</li> <li>Rates of change and differential equations</li> <li>Statistical inference</li> </ul>
--	---

### Why Should I Choose This Course?

This course is designed for students with a strong interest in mathematics, including those intending to study mathematics, statistics, all sciences and associated fields, economics or engineering at university.

### Tertiary Entrance Aggregate Bonus

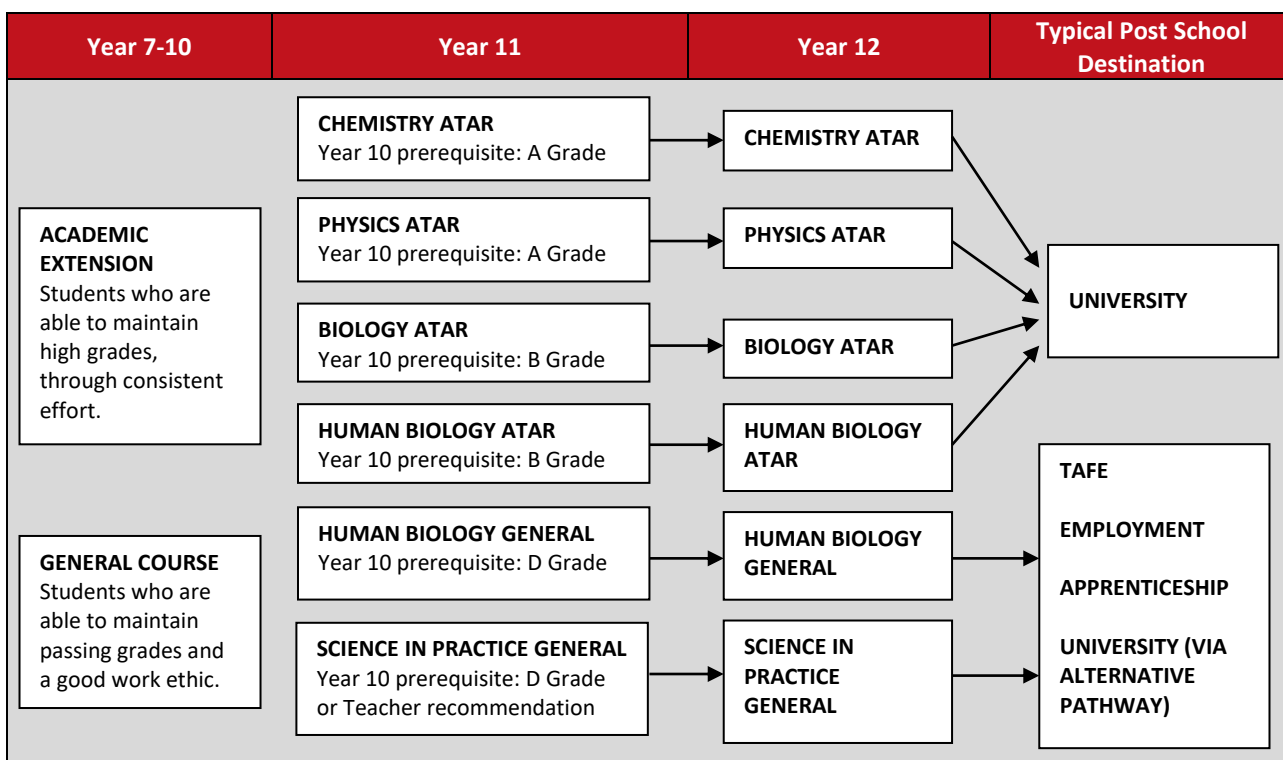

10% of the scaled score/s in Mathematics Methods ATAR and Mathematics Specialist ATAR will be added to the Tertiary Entrance Aggregate from which the ATAR will be derived.

CAREER POSSIBILITIES	FURTHER STUDY	
Chemistry Engineering Mathematics Physics Computer Science Actuarial Science	TAFE	UNIVERSITIES Desirable for most university courses.

## SCIENCE LEARNING AREA

### Course Prerequisites & Students Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

## Chemistry ATAR Units 3 & 4

### Requirements

- Minimum of a C grade in Year 11 Chemistry and a recommendation from your science teacher.
- The study of Chemistry requires mathematical competence. It is desirable that students are also studying a higher level Mathematics.
- All class assessments will be conducted before school to maintain academic integrity. Students must be prepared to arrive at school no later than 7:30am on the dates set for the assessments. The approximate dates can be found in the ATAR Chemistry Course Outlines.

### What Is It All About?

- Solutions
- Chemical reactions
- Oxidation and reduction
- Inorganic chemistry
- Electrolysis
- Atomic structure and bonding
- Acids and bases
- Organic chemistry
- Chemical equilibrium

### Why Should I Choose This Course?

Chemistry is a prerequisite or recommended subject for most science courses at university.

CAREER POSSIBILITIES	FURTHER STUDY	
Medicine Geologist Chemist Biochemist Laboratory Technician Pharmacist Metallurgist Chemical Engineer Hydrographer	<b>TAFE</b> Applied Sciences Laboratory Practices - Natural sciences - Pharmacy Laboratory Techniques - Biological Sciences - Chemistry Engineering	<b>UNIVERSITIES</b> Bachelor of Science - Geology - Mineral Science - Chemistry - Biological sciences Bachelor of Engineering Bachelor of Pharmacy

## Physics ATAR Units 3 & 4

### Requirements

- Minimum of a C grade in Year 11 Physics and a recommendation from your Science teacher.
- The study of Physics requires mathematical competence. It is desirable that students are also studying either Mathematics Methods or Mathematics Specialist.

### What Is It All About?

- Sound waves
- Gravity and electromagnetism
- Electric power
- Motion
- Kinetic and potential energy
- Atomic physics
- Structures and materials
- Wave particle duality & the quantum theory
- Special relativity
- The standard model

### Why should I choose this course?

Physics provides a basis for further study in this field and in other pure and applied sciences, and engineering. In addition, it will extend students' understanding of natural phenomena, technological applications and our cultural scientific heritage.

CAREER POSSIBILITIES	FURTHER STUDY	
Medicine Engineering - Electronic - Chemical - Agricultural - Flight	<b>TAFE</b> Electrical Engineering Aircraft maintenance Automotive mechanic	<b>UNIVERSITIES</b> Bachelor of Engineering - Electrical - Mining Engineering - Agriculture Bachelor of Pharmacy

Pharmacist Physicist Teacher		Bachelor of Science Bachelor of Education Physical Sciences
------------------------------------	--	---

## Biology ATAR Units 3 & 4

### Requirements

Minimum of a C grade in Year 11 Biology and a recommendation from your Science teacher.

### What Is It All About?

- Photosynthesis and respiration
- Energy transfer
- Control of cellular activities
- Infectious disease
- Types of pathogens
- Transmission and spread of disease
- Prevention of infection
- Homeostasis in animals and plants
- Recombinant DNA techniques
- Applications of DNA technologies
- Natural selection and evolution
- Speciation
- Evidence for evolution
- Working as a biologist

### Why Should I Choose This Course?

This course provides a strong scientific background for all students. However, it is especially beneficial for students who have an interest in biology and the environment, and/or would like to pursue a career in the Biological Sciences.

CAREER POSSIBILITIES	FURTHER STUDY	
Veterinarian Marine Biologist Environmental scientist Zoologist Environmental Engineer Conservation Officer Veterinary Nurse	<b>TAFE</b> Marine Studies Outdoor Recreation (Marine Tourism) Applied Environmental Arts Environmental Science (Management) Indigenous Environmental Health Laboratory Operations Laboratory Techniques	<b>UNIVERSITIES</b> Bachelor of Science Botany Animal Biology Evolutionary Biology Biogeochemistry Conservation and Wildlife Biology Environmental Restoration Nature Based Tourism Veterinary Science

## Human Biology ATAR Units 3 & 4

### Requirements

Minimum of a C grade in Year 11 Human Biology (ATAR), and a recommendation from your Science teacher.

### What Is It All About?

- Control of body temperature, body fluids, blood sugar, gas concentrations and blood pressure
- Disruptions such as diabetes and emphysema
- Nervous and endocrine systems
- Disease transmission and prevention
- Genetics, variation and gene pools
- Natural selection
- Evolution body movement and coordination
- DNA, biotechnology and disease
- Medical technologies
- Human evolution

### Why Should I Choose This Course?

This course provides a strong scientific background for all students. It is especially beneficial for students who have an interest in the human body and/or would like to pursue a career in the Human Biological Science area.

CAREER POSSIBILITIES	FURTHER STUDY	
Physiotherapist Nutritionist Nurse Food scientist Doctor Health manager	<b>TAFE</b> Laboratory practices Pharmacy Natural sciences Applied science	<b>UNIVERSITIES</b> Bachelor of Applied Science Sports Medicine Bachelor of Education - Biological Sciences - Medical Science

## Human Biology General Units 3 & 4

### Requirements

C Grade or above in Year 11 Human Biology General.

### What Is It All About?

This course explores bones, muscles, nerves and hormones and how they maintain the body to act in a coordinated manner as well as the causes and spread of disease and how humans respond to invading pathogens. Students investigate the musculoskeletal, nervous and endocrine systems through dissections and practical examination of reflexes, vision, hearing and skin sensitivity, along with the investigation of transmission of diseases using second-hand data from a historical perspective and recent global incidences.

In **Unit 3: Coordination** - students will study:

- Cells, tissues, organs, systems
- Musculoskeletal system
- Nervous system
- Endocrine system
- Coordination of the body and systems
- Sporting injuries, hearing and vision defects

In **Unit 4: Infectious disease** - students will study:

- Common infectious diseases including Ross River disease, influenza, malaria, food poisoning, malaria.
- Types of pathogens
- Methods of disease transmission between individuals
- Spread of disease among the population
- Preventing disease transmission – hygiene, vaccines, medicine
- Inherent responses to infection

### Why Should I Choose This Course?

This stream has a strong focus on the human body and health for students with a particular interest in health sciences, sport, fitness, childcare or related fields.

CAREER POSSIBILITIES	FURTHER STUDY	
Fitness Instructor / Personal Trainer Police Officer Education Assistant Childcare worker Laboratory Technician Defence Forces Nurse	<b>TAFE</b> Certificates and Diplomas in: Fitness Sport development Sport and Recreation Early Childhood Ed and Care Individual Support Community Services Laboratory Operations Laboratory Techniques - Biological	<b>UNIVERSITIES</b> Bachelor of Science

## Science in Practice General Units 3 & 4

### Requirements

There are no prerequisites for this course.

### What Is It All About?

The focus for learning is the practice of science, general knowledge of factual content in biological, physical, and environmental/earth science and an understanding of the impact of science on the world in which students live.

In the topic of **Sustainability** students will study:

- Ecosystems
- Competition, predation, symbiosis

In the topic of **Forensic Science** students will study:

- Fields of Forensics
- Observations and microscopy

- Human interference in ecosystems
- Renewable resources and sustainability
- Water cycle and sustainable use
- Carbon cycle
- Greenhouse effects
- Biodiversity
- Fibres and hair
- Fingerprinting
- Forgery
- Blood types and analysis
- DNA profiling
- Microbiology and biotechnology

**Why Should I Choose This Course?**

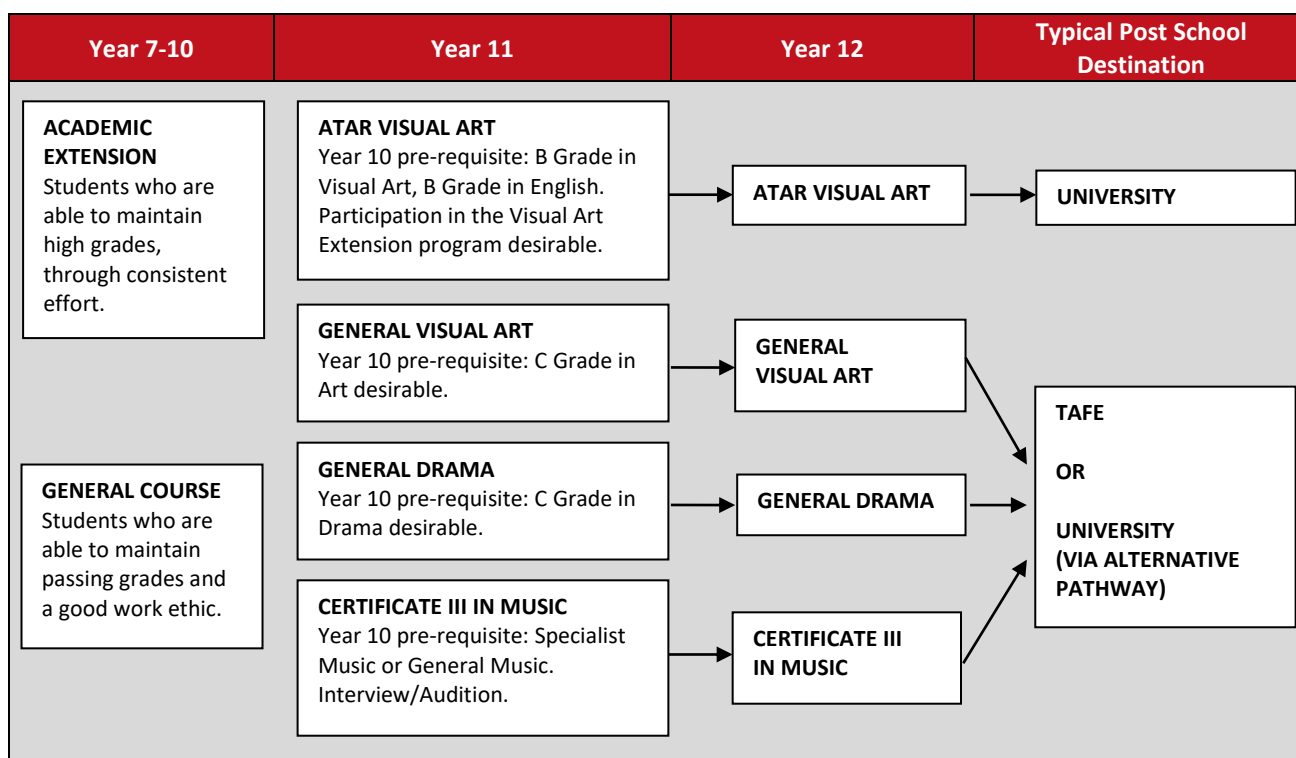

This course has a strong focus on the practical aspects of Science with applications to our everyday lives. It will appeal to students who enjoy Science experiments more than theory, or those with a particular interest in forensics and environmental sciences.

CAREER POSSIBILITIES	FURTHER STUDY	
Police Officer, Nurse Forensic Data Analyst Laboratory Technician Defence Forces Conservation Officer Ranger Health and Safety Officer	<b>TAFE</b> <b>Certificates and Diplomas in:</b> Laboratory Techniques Environmentally Sustainable Management Sustainable Operations Horticulture	<b>UNIVERSITIES</b> Bachelor of Science Bachelor of Environmental Science Bachelor of Applied Science Bachelor of Cyber Security

## THE ARTS LEARNING AREA

**Course Prerequisites & Students Pathways**

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

### Visual Arts ATAR Units 3 & 4

**Requirements**

Successful completion of Year 11 Units 1 & 2 Visual Art ATAR.

### What Is It All About?

These units are recommended for students who have completed Visual Arts Units 1 and 2 and who are seeking to qualify for university entrance at the end of Year 12. This course provides students the opportunity to identify and explore ideas or issues of personal significance which will result in resolved artworks which reflect the student's personal style and intent. Through critical analysis and interpretation of their own work and the work of others, students will gain an understanding of the role art plays in reflecting and challenging society's values.

The specific themes explored are Commentaries in Unit 3 and Points of View in Unit 4. The course is divided into two areas - Art Making and Art Interpretation. Students will sit two written exams and present two resolved artworks in preparation for the end of year external assessments.

### Why Should I Choose This Course?

This course can be utilised for university entrance requirements and/or for the continued development of creative and critical thinking processes.

CAREER POSSIBILITIES	FURTHER STUDY	
Professional Artist Fashion Designer Illustrator Photographer Gallery Curator Art Teacher Art Historian Graphic Designer Gallery Assistant Art Critic Web Designer Arts Administrator Product Designer	<b>TAFE</b> Various courses available in: Fashion and Textiles Visual Arts and Craft Graphic Arts Arts Administration Furniture Industry and Interior Design Jewellery and Photography	<b>UNIVERSITIES</b> <b>Edith Cowan University</b> Bachelor of Arts with a major in Contemporary Fashion and Textiles or Visual Arts <b>University of Western Australia</b> Bachelor of Arts majoring in Fine Arts <b>Curtin University of Technology</b> Bachelor of Arts Majoring in: Fine Art, Photography and Illustration Design, Fashion, Textiles, 3D Design, Digital Design, Interior Architecture or Creative Advertising and Graphic Design

## Visual Arts General Units 3 & 4

### Requirements

Successful completion of Visual Arts General Units 1 & 2 or Visual Arts ATAR Units 1 & 2 is desirable.

### What Is It All About?

This course is designed for those who have an interest in the Arts and wish to develop their skills for either portfolio entry into university, further study through a training provider or simply for personal development.

In the Visual Arts General course, students engage in traditional, modern and contemporary media and techniques within the broad areas of art forms. The course promotes innovative practice. Students are encouraged to explore and represent their ideas and gain an awareness of the role that artists and designers play in reflecting, challenging and shaping societal values. Students are encouraged to appreciate the work of other artists and engage in their own art practice.

### Why Should I Choose This Course?

This course can lead to further study via portfolio entry to university or TAFE. This course develops personal skills in critical and creative thinking.

CAREER POSSIBILITIES	FURTHER STUDY	
Visual Artist (mixed media, artist, painter, printmaker) Community Arts Worker Community Arts Leader Art Critic Arts Administrator Arts Consultant Arts Educator Art Teacher Arts Technician	<b>TAFE</b> Various courses available in: Fashion and Textiles Visual Arts and Craft Graphic Arts Arts Administration Furniture Industry and Interior Design Jewellery and Photography	<b>UNIVERSITIES</b> <b>Edith Cowan University</b> Bachelor of Arts - Majoring in: Advertising, Animation, Art Object Design, Arts, Arts Promotion, Arts/Business, Arts/Communications, Contemporary Fashion, Contemporary Fashion & Textiles, Two Dimensional & Digital Design, Visual Arts, Visual Arts Education

---	--	--

## Drama General Units 3 & 4

### Requirements

Successful completion of Year 11 Drama is desirable.

### What is it all about

Students participate in a range of activities from creation, to performance and reflection on Realist and non-realist theatre. They explore and communicate ideas and learn particular processes and skills to enable them to work with a range of drama forms, styles, conventions and technologies. They reflect, respond and evaluate drama and become critical, informed audiences, understanding drama in the context of their own society and culture, drawing on a diverse range of drama from other cultures, places and times to enrich their intercultural understanding. Students will work independently and collaboratively, while developing skills in time management, initiative and interpersonal skills. The Drama General course requires students to make informed judgements, using appropriate terminology and language to describe, analyse, interpret and evaluate drama, drawing on their understanding of both Australian and world drama practice.

### Why Should I Choose This Course?

Drama is course that enables students to learn in variety of ways, both independently and cooperatively. Students gain skills in speaking in front of an audience, working as an effective team member as well as skills in observation, analysis and reflection. These skills cross boundaries, whilst ideal for anyone who wishes to enter the world of performing arts, it is also beneficial to anyone who will require public speaking or presentation abilities.

CAREER POSSIBILITIES	FURTHER STUDY	
Artistic Director Arts Manager Teacher Actor Agent and Business Manager Entertainment Manager Lighting Designer Director - Film and TV Performing Arts Administrator TV Presenter Stage Manager/Designer/Technician Also suited to sales, customer service and media allied industries and roles.	<b>TAFE</b> Edith Cowan University WAAPA	<b>UNIVERSITIES</b> Edith Cowan University WAAPA Murdoch UWA Curtin

## CUA30920 - Certificate III in Music (Part A & B)

Qualification	CUA30920 Certificate III in Music	RTO	COSAMP (41549) <a href="http://www.cosamp.com.au">www.cosamp.com.au</a>	
Program Duration	2 years	RTO enrolment	The school has partnered with COSAMP (41549) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	

### **Requirements**

Successful completion of Year 11 Certificate III in Music units of competency.

### **What Is It All About?**

Students complete a Certificate III in Music over two years, awarding them with a nationally recognised qualification at completion. If students follow the music pathway all through their CVC schooling, they will be in the unique position of having two nationally recognised qualifications.

The course focuses on developing student understanding of audio engineering, lighting, set design, arts management, composing, recording demos, as well as performance.

### **Why Should I Choose This Course?**

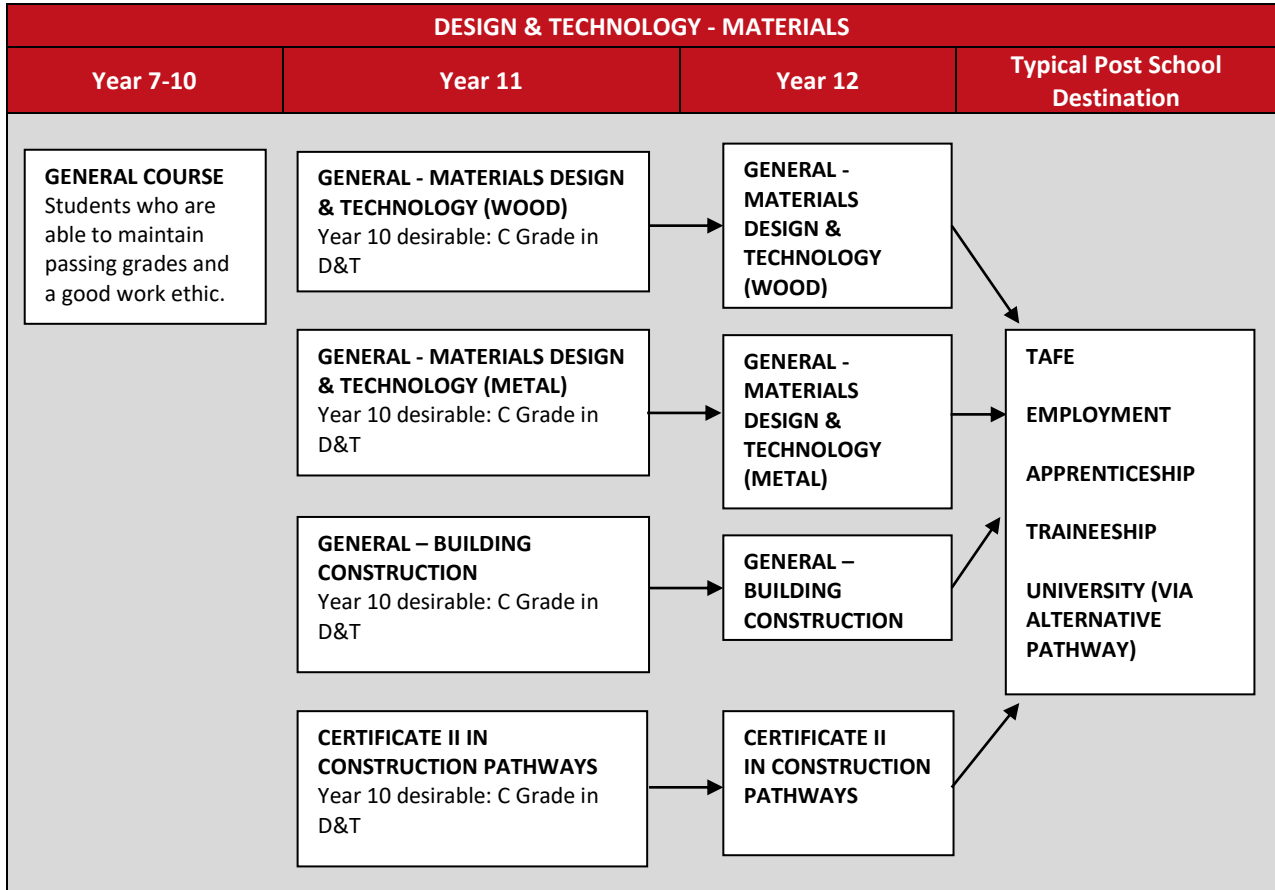

On successful completion of this qualification delivered over two years, students will receive their CUA30920 - Certificate III in Music.

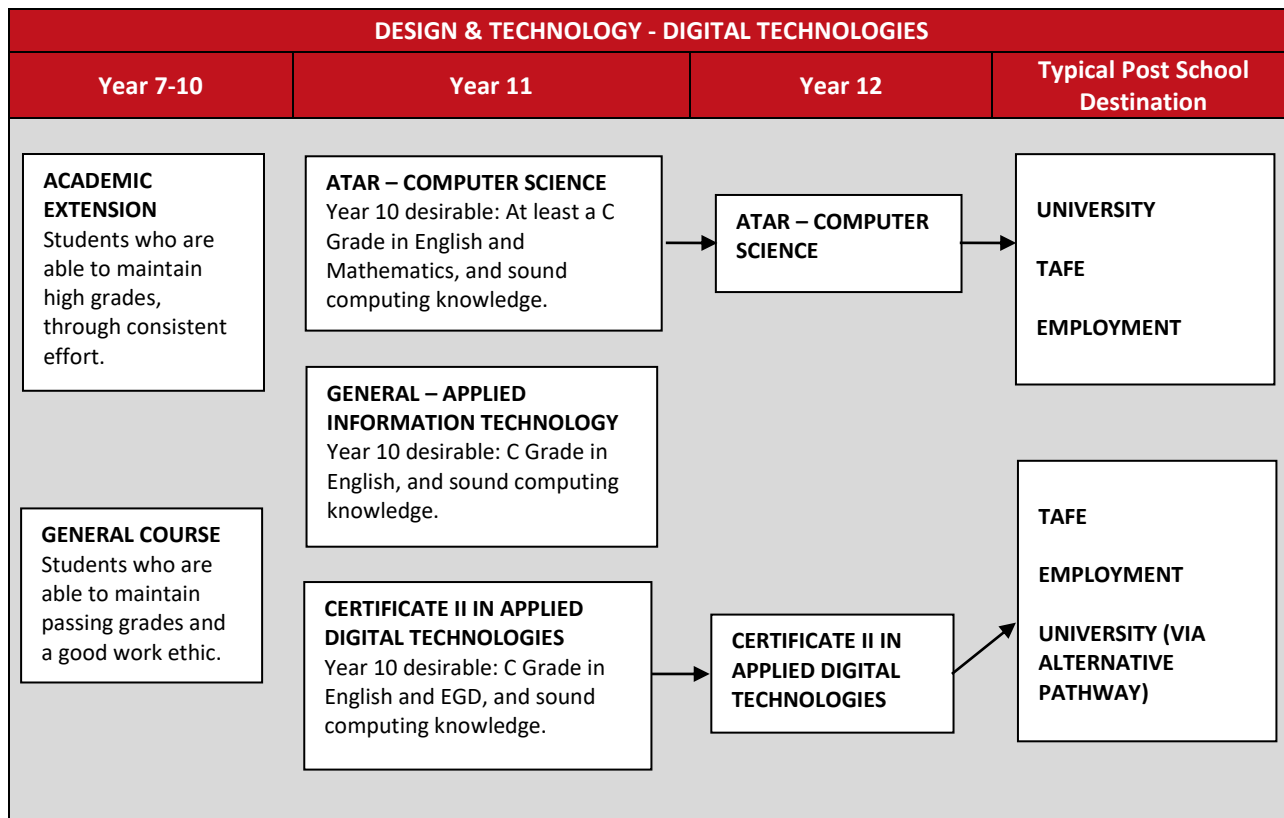

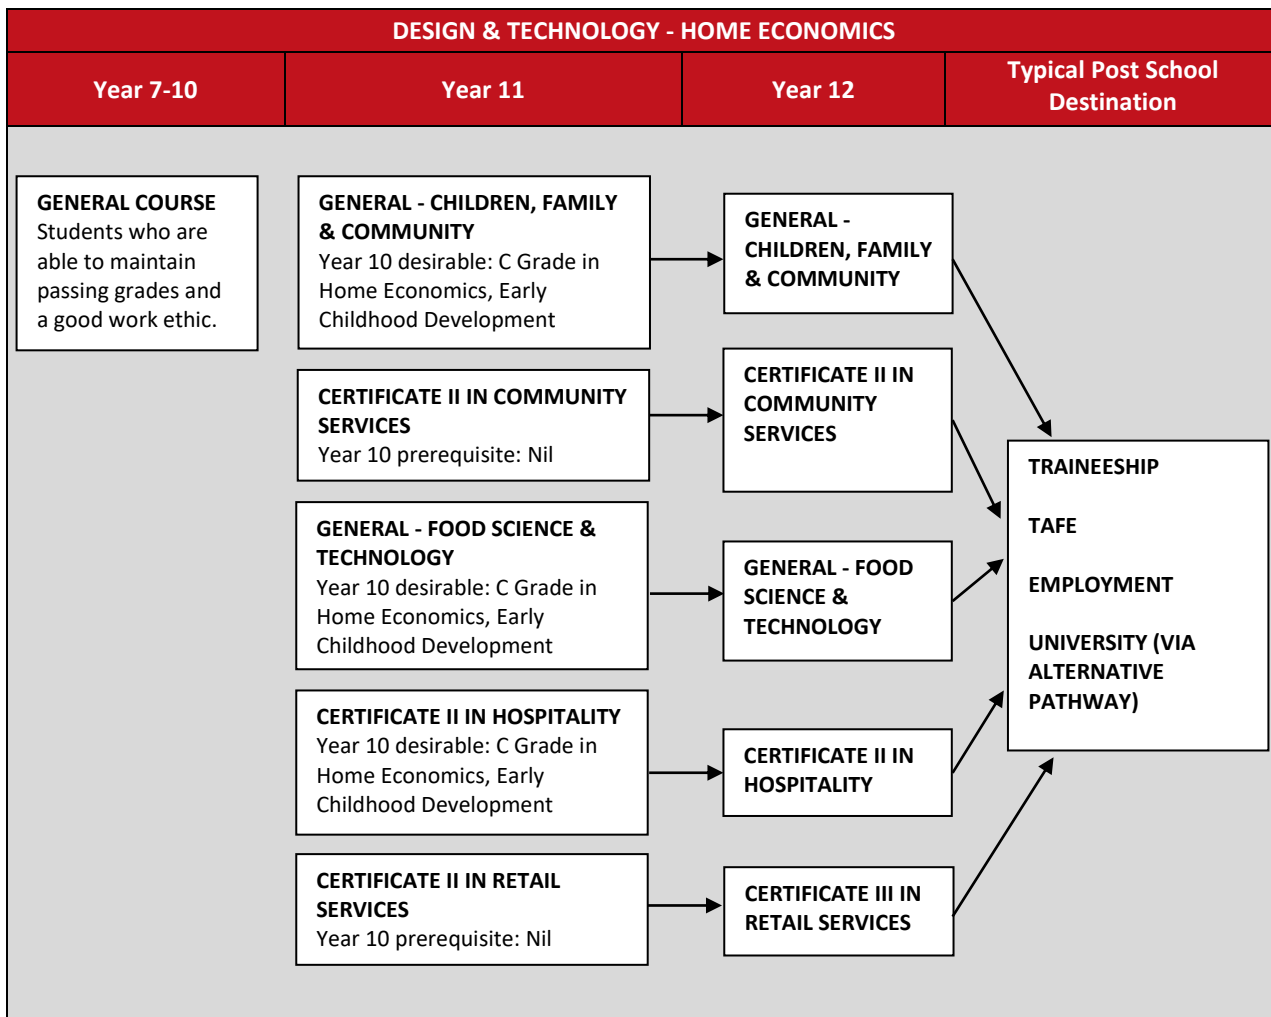

<b>CAREER POSSIBILITIES</b>	<b>FURTHER STUDY</b>	
Stage Manager, Resident Sound Technician, Nightclub Manager, Music Store Manager Music Store Salesperson, Record Store Manager, Instrument Sales Representative, Music Supervisor, Music Teacher, Private Instrument Teacher, Music Librarian, Music Therapist, Production Music Writer, Session Musician, Background Singer, Songwriter, Music Journalist, Tour Coordinator, Tour Manager, Tour Publicist, Sound Technician, Personal Manager, Booking Agent, Concert Promoter, Music Publisher, Arranger, Record Producer, Recording Engineer, Assistant Engineer , Solo Artist, Songwriter, Band Member, Music Retailer, Lighting Assistant, Technical/Sound Assistant, Music Composer for new technologies	<b>TAFE</b> <b>Central Institute of Technology</b> Certificate III in Technical Production Certificate IV in Music Business Certificate IV in Sound Production Diploma of Music Diploma of Music Business Diploma of Sound Production	<b>UNIVERSITIES</b> <b>Edith Cowan University</b> <b>WAAPA</b> Arts Management, Lighting, Music, Sound Stage Management, Bachelor of Music, (Classical Performance), Advanced Diploma of Music, Bachelor of Music (Composition) (Music Technology) (Contemporary Music), Advanced - Diploma of Music (Music Production) , Double Degree - Bachelor of Arts (Creative Arts and Education), Bachelor of Graduate Diploma in Education

# TECHNOLOGIES LEARNING AREA

## Course Prerequisites & Student Pathways

All students, regardless of their pathways, need to strive to achieve to their potential. Below is a list and details on such pathways, to be used as a typical guide only.

## Building & Construction General Units 3 & 4

### Requirements

- Completion of Year 11 General Building and Construction with a passing grade is highly desirable.
- Although there are no prerequisites for this subject, it is desirable students demonstrate at least a 'C' grade in Year 10 Manufacturing, Fabrication or Construction or equivalent.

### What Is It All About?

The focus for this unit is elements of building and construction. The unit explores properties of common natural or pre-made construction materials: their production, mechanical properties under direct loads (tension or compression) and use in construction. Concepts in space and computation are developed. Basic plan reading is practiced with application in building, as well as skills in areas of content, such as working with materials, spatial perception and computation and levelling. The unit explores processes in contexts drawn from building projects. A variety of materials are worked with and a range of practical skills are developed.

### Why Should I Choose This Course?

Successful completion of this course provides students with the opportunity to gain an apprenticeship in the building trade. This course gives students a general introduction into building construction practices and builds their skill base for possible apprenticeship entry.

CAREER POSSIBILITIES	FURTHER STUDY	
Bricklayer Carpenter Concreter Plumber Gasfitter Joiner Engineer Roof Tiler Surveyor Chain person Welder Machinist Registered Builder	<b>TAFE</b> Certificate I in Trades Certificate II in Trades Certificate III in Trades	<b>UNIVERSITIES</b> Diploma of Builder's Registration plus additional industry experience.

## CPC20220 – Certificate II in Construction Pathways

Qualification	CPC20220 Certificate II in Construction Pathways	RTO	AIET (121314) <a href="http://www.aiet.edu.au">www.aiet.edu.au</a>	
Program Duration	2 years	RTO enrolment	The school has partnered with AIET (121314) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Work Placement Requirements	It is recommended that students undertake a 2-week ADWPL placement relevant to this qualification.			

### Requirements

Although there are no prerequisites for this subject, it is desirable students demonstrate at least a C grade in Year 10 Design and Technology or equivalent.

### What Is It All About?

The qualification has core units of competency that are required in many Certificate III qualifications. The elective options are structured to allow choice from a range of units aligned at Certificate III level and in total could provide meaningful credit in a construction industry Australian Apprenticeship.

Units may include:

- Use construction tools and equipment
- Apply basic levelling procedures
- Carry out concreting to simple forms
- Work effectively and sustainably in the construction industry
- Plan and organise work
- Conduct workplace communication
- Carry out measurements and calculations
- Read and interpret plans and specifications
- Apply WHS requirements, policies and procedures in the construction industry

**Why Should I Choose This Course?**

Successful completion of this course provides students with the opportunity to gain an apprenticeship in the building trade. This course gives students a general introduction into building construction practices and builds their skill base for possible apprenticeship entry.

CAREER POSSIBILITIES	FURTHER STUDY
All trades	Certificate I – V in General Construction

**Metal – Material Design & Technology General Units 3 & 4**

**Requirements**

- Completion of Material Design and Technology Metal in Year 11 with a passing grade is highly desirable.
- Although there are no prerequisites for this subject, completion of Year 10 Design and Technology would be an advantage. It is desirable students demonstrate at least a 'C' grade in Year 10 Design and Technology.

**What Is It All About?**

The focus for this unit is design techniques. It is for students who have many informal experiences of interacting with a variety of items that have been specifically designed to meet certain needs. Students are introduced to the elements and fundamentals of design, as well as factors affecting design, based on end user beliefs and values. They learn to communicate various aspects of the technology process by constructing what they design.

Throughout the process, students learn about the origins, classifications, properties and suitability for purpose of the materials they are using, and are introduced to a range of production equipment and techniques. They develop materials manipulation skills and production management strategies, and are given the opportunity to realise their design ideas through the production of their design project.

**Why Should I Choose This Course?**

Besides leading to employment opportunities in the metal and engineering industries this course will also develop skills transferable to home handyman situations.

CAREER POSSIBILITIES	FURTHER STUDY	
Fitting and Turning Machinist Mechanical Fitter Boilermaker Blacksmith Electroplater Engineering Pattern Maker Foundry Worker Sheet metal Worker Welder- First Class	<b>TAFE</b> Certificate II in Engineering Certificate II in Automotive Certificate III in Engineering Certificate III in Automotive Certificate III in Electro-technology Certificate IV in Electro-technology	<b>UNIVERSITIES</b> Bachelor of Engineering

**Wood – Material Design & Technology General Units 3 & 4**

**Requirements**

- Completion of Material Design and Technology Wood in Year 11 with a passing grade is highly desirable.

- Although there are no prerequisites for this subject, completion of Year 10 Design and Technology would be an advantage. It is desirable students demonstrate at least a 'C' grade in Year 10 Design and Technology or equivalent.

### **What Is It All About?**

The focus for this unit is processes in design and manufacturing. Students experience a broad range of processes involved in the design and manufacture of products and from that learn about the variety of materials, designs and technologies related to industries. Students investigate specific products and industries, and analyse their characteristics and features, including relevance to consumers and markets, and the values and beliefs that are supported and challenged.

### **Why Should I Choose This Course?**

This course could give students the opportunity of an apprenticeship in one of the many divisions of the building industry.

<b>CAREER POSSIBILITIES</b>	<b>FURTHER STUDY</b>	
Furniture/Cabinet Maker Carpenter /Roof Carpenter Furniture Polisher/Upholsterer Wood Machinist Boat Building	<b>TAFE</b> Certificate II in Furnishings Certificate III in Furnishings Certificate IV in Furnishings Carpentry Apprenticeship	<b>UNIVERSITIES</b> Bachelor of Engineering Bachelor of Arts

## **CHC22015 - Certificate II in Community Services**

Qualification	CHC22015 Certificate II in Community Services	RTO	Ripponlea Institute (21230) www.ripponleainstitute.edu.au	
Program Duration	2 years	RTO enrolment	The school has partnered with Ripponlea Institute (21230) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Work Placement Requirements	It is recommended that students undertake a 2-week ADWPL placement relevant to this qualification.	Third Party providers	First Aid Training delivered under auspice agreement with St John Ambulance WA (0392)	

### **Requirements**

Students must have completed all competencies in Year 11. Students commencing the course in Year 12 will not attain the full qualification.

### **What Is It All About?**

This qualification will provide students with the practical skills and knowledge to assist in the social, physical and educational needs of infants and young children and the community services industry. Students will experience an introductory course in community services, including childcare, aged care, youth work, education assistant, nursing etc.

Over two years you must complete 11 units, which may include:

- Prepare for work in the Community Services Industry
- Work with others
- Follow OHS procedures
- Communicate with people accessing the services of the organisation
- Follow the organisation's policies, procedures and programs
- Provide First Aid
- Organise and complete daily work activities
- Contribute to provision of nutritionally balanced food in a safe and hygienic manner
- Write routine workplace texts
- Manage personal stress in the workplace
- Provide responsible service of alcohol

### Why Should I Choose This Course?

Students will learn how to care and educate young children through hands on practical experience and child theory-based research in the area of health, communication, nutrition and working with others, in a very student friendly, fun and educational environment.

On successful completion of this qualification delivered over two years, students will receive their CHC22015 - Certificate II in Community Services.

## Food Science & Technology General Units 3 & 4

### Requirements

- Completion of Food Science and Technology General in Year 11 is highly desirable.
- Although there are no prerequisites for this subject, it is desirable that students demonstrate at least a 'C' grade in Year 10 Home Economics, Early Childhood Development or Textiles.

### What Is It All About?

The focus for Unit 3 is Food and My Life: students learn about food through practical preparation skills in relation to themselves and their future. They work with readily available foods to address individual requirements, eating habits and lifestyles. Students learn about food as a commodity, nutrition, properties when developing products or recipes.

The focus for Unit 4 is Food for Communities. Students explore relationships between consumers and enterprises in communities and how these impact on the availability and diversity of food services, products and equipment. Students will learn about bulk food preparation, cutting techniques, nutrition, and preparation of multi-course meals. Students must be available for evening functions, ethical and community issues.

### Why Should I Choose This Course?

To become confident and independent in following recipes, food preparation, and catering for friends and family. The skills you gain will give you the edge when applying for jobs in the hospitality industry.

CAREER POSSIBILITIES	FURTHER STUDY	
Head Chef Pastry Chef Food Stylist Bar Manager Duty/Hotel Manager Housekeeper Restaurant Manager Barista	<b>TAFE</b> Certificate III in Hospitality Diploma of Hospitality	<b>UNIVERSITIES</b> Bachelor of Business (Hospitality Management)

## SIT20322 - Certificate II in Hospitality

Qualification	SIT20322 Certificate II in Hospitality	RTO	Quality Service Skills (90791)	
Program Duration	2 years	RTO enrolment	The school has partnered with Quality Service Skills (90791) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Work Placement Requirements	Students are required to complete 120 hours of workplace learning in the hospitality and service industry.	Third Party providers	Responsible Service of Alcohol (RSA) may be delivered by Clear to Work (21907)	

### Requirements

- Completion of Certificate II in Hospitality units in Year 11 is highly desirable as this is a two-year course.
- Students completing the Certificate in Hospitality in Year 12 are unable to achieve a full qualification.

### What Is It All About?

This course aims to provide students with a range of vocationally orientated skills which enable participants to gain employment within the hospitality industry. Students are provided with training in such areas as occupational health and safety, cleaning and basic food preparation skills which equip them for a range of employment opportunities in commercial kitchens.

### Why Should I Choose This Course?

This course is an excellent introduction to the employment pathway of Hospitality. On successful completion of this qualification delivered over two years, students will receive their SIT20322 - Certificate II in Hospitality.

CAREER POSSIBILITIES	FURTHER STUDY	
Head Chef, Pastry Chef Food Stylist Bar Manager Duty Manager Hotel Manager Housekeeper Restaurant Manager Barista	<b>TAFE</b> Certificate III in Hospitality Diploma of Hospitality	<b>UNIVERSITIES</b> Bachelor of Business (Hospitality Management)

## SIR30216 - Certificate III in Retail

Qualification	SIR30216 Certificate III in Retail	RTO	AIET (121314) <a href="http://www.aiet.edu.au">www.aiet.edu.au</a>	
Program Duration	1 year	RTO enrolment	The school has partnered with AIET (121314) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	
Work Placement Requirements	It is recommended that students undertake a 2-week ADWPL placement relevant to this qualification.			

### Requirements

- Completion of the full Certificate II in Retail Services in Year 11 is required for credit transfer of units into the Certificate III in Retail.
- Students commencing the Certificate III in Retail in Year 12 are unable to achieve a full qualification.

### **What Is It All About?**

This qualification reflects the role of individuals who have the primary responsibility of engaging the customer, maintaining daily store operations and delivering on organisational expectations. They have sound knowledge of product and service offerings. These individuals possess a range of well-developed skills where discretion and judgement is required. They work with some independence under limited supervision. Some individuals working at this level are responsible for supervising other team members and monitoring day-to-day operations.

Examples of the Units of Competency studied are:

- Engage the customer
- Assist with customer difficulties
- Work effectively in a team
- Work effectively in a service environment
- Identify and respond to security risks
- Sell to the retail customer
- Contribute to workplace health and safety

### **Why Should I Choose This Course?**

On successful completion of this qualification with credit transfers from the previous completion of the Certificate II in Retail Services, students will receive their SIR30216 Certificate II in Retail.

<b>CAREER POSSIBILITIES</b>	<b>FURTHER STUDY</b>	
Frontline sales assistant Customer service representative Shop assistant Retail supervisor Team leader Senior sales assistant	<b>TAFE</b> Certificate IV in Retail Services	<b>UNIVERSITIES</b> Bachelor of Business Administration Bachelor of Business Commerce

## **Computer Science ATAR Units 3 & 4**

### **Requirements**

It is desirable that students should demonstrate at least a 'C' grade in English and Mathematics, have sound computing knowledge, and have completed the Computer Science ATAR Units 1 & 2.

### **What Is It All About?**

The Computer Science ATAR course builds on the core principles, concepts and skills developed in the Digital Technologies subject in previous years. Students utilise and enhance established analysis and algorithm design skills to create innovative digital solutions to real-world problems. In addition to the development of software, the essential concepts of networking, data management and cyber security are explored. With the vast amounts of data collected in our increasingly digital world, especially in the information-intensive business and scientific disciplines, data management is becoming essential. Similarly, with more and more devices connecting to the internet, cyber security is a major issue for society, and the world continues to look for new, young experts to emerge in this field.

### **Why Should I Choose This Course?**

Gain further employment in the computing industry. Further studies available at University and TAFE.

<b>CAREER POSSIBILITIES</b>	<b>FURTHER STUDY</b>	
Software Developer Cyber Security Officer Network Support Officer Network Analyst Network Manager Security Analyst Network Designer Integration Centre Specialist Systems Engineer Intranet Engineer	<b>TAFE</b> Certificate IV in IT (Programming) Certificate III in IDMT Certificate IV in IDMT Diploma of IDMT	<b>UNIVERSITIES</b> Bachelor of Computer Science Bachelor of Software Engineering Bachelor of Data Science Bachelor of Cyber Security Bachelor of Technology (Computing) Bachelor of Information Systems

## ICT20120 - Certificate II in Applied Digital Technologies

Qualification	ICT20120 Certificate II in Applied Digital Technologies	RTO	Skills Strategies International (2401)	
Program Duration	2 years	RTO enrolment	The school has partnered with Skills Strategies International (2401) to deliver this program.	
Delivery Mode	Face to face at CVC	Outcome disclaimer	Where all course requirements are met, a Certificate or Statement of Attainment may be awarded by the RTO.	

### Requirements

- Completion of Certificate II in Applied Digital Technologies required Units of Competency in Year 11 is highly desirable.
- Students commencing the Certificate II in ADT in Year 12 may not achieve a full Certificate II.

### What Is It All About?

This qualification will provide students with the foundation skills and knowledge to use basic applied digital technologies in varied contexts. The qualification is designed for those developing the necessary digital and technology skills in preparation for work.

Examples of Units of Competency studied are:

- Connect a home based local wireless network
- Participate in sustainable work practices
- Capture digital images
- Operate a digital media technology package
- Maintain interactive content

### Why Should I Choose This Course?

On successful completion of this qualification delivered over two years, students will receive their ICT20120 - Certificate II in Applied Digital Technologies.

CAREER POSSIBILITIES	FURTHER STUDY	
Computer Technician Software Engineer Computer Engineer Computer Hardware Technician Computer Systems Officer Computer Scientist Game Designer Graphic Artist Most Apprenticeships	<b>TAFE</b> Certificate III in IT Certificate IV in IT Diploma of IT	<b>UNIVERSITIES</b> Bachelor of Computing (ICT) Bachelor of Computing (Multimedia Design)

# VOCATIONAL EDUCATION & TRAINING (VET)

## Workplace Learning (ADWPL)

Workplace Learning is an Authority-developed Endorsed Program which provides an opportunity for a student to demonstrate, and develop increasing competence in the core skills for work. It is a fantastic opportunity for students to improve their workplace and employability skills whilst providing them with an opportunity to work in a range of industry areas. Workplace Learning is not compulsory for students. However, there may be a compulsory workplace learning component in Certificate II in Community Service (Childcare), Certificate II in Hospitality and Certificate II in Construction Pathways. If you choose either of those, you must also choose workplace Learning. Workplace Learning contributes towards the WACE.

To complete this Endorsed Program, a student works in a real workplace environment to develop a set of transferable workplace skills. The student must record the number of hours completed and the tasks undertaken in the work place in a Workplace Learning Logbook. The student must also provide evidence of his/her knowledge and understanding of the workplace skills by completing a Workplace Learning Skills Journal after each 55 hours completed in the workplace. Students are encouraged to find their own workplace but if they are unable to, the college **MAY** be able to assist. Enrolment into ADWPL costs \$50 per year.

### Part Time/Casual Employment Work Hours

Students have authorisation from the school to use their currently rostered part time or casual employment hours to contribute towards their workplace learning. A Registration form (collected from the VET/WPL office) needs to be signed by the employer and submitted by the student to the WPL Coordinator. A logbook will be issued to the student when the form is returned to school. Students will be required to enrol in ADWPL.

Workplace Learning is not recommended for ATAR students unless they have a part time job, or a job during school holidays. Time off during school hours is not permitted.

## School Based Traineeship or Apprenticeship (SBT/SBA)

Students can take part in SBT's or SBA's which allow them to take part in an apprenticeship or traineeship while completing their WACE. Students will be both part time employees and full time students, therefore they will be paid for their employment and receive valuable training and still be able to complete their secondary graduation. There are a large number of traineeships and apprenticeships available. Students will be required to enrol in ADWPL, and will take part in these during school hours only.

The benefit to students is that they:

- Get paid to work
- Gain Nationally recognized qualifications
- Gain valuable skills and experience in the workplace
- Complete their WACE

There are a large number of traineeships and apprenticeships available. You can access the Department of Training and Workforce Development's Apprenticeship Office to find out more information.

**Pre-Apprenticeship's** are ideal for students who wish to obtain an apprenticeship once they finish Year 11 or 12. Students are provided with an introduction into the trades and take place in organised workplace learning.

## Vocational Education and Training Delivered to Secondary Students

Students are given the opportunity to apply for Certificate courses delivered off site. Students attend TAFE or a Private Training Provider one or two days per week and complete a Certificate course that may assist them in entering employment or further study.

Students undertake the training while still completing their WACE. Students will ideally have passed Year 10 with a C grade average or better and must be work-ready.

## COURSE COSTS

All Year 12 courses attract compulsory charges.

The **2026 course costs** listed below should be used as a **guide only** for indicative pricing in 2027. These costs may change in response to increased budget requirements, subject to approval by the College Board, however, the College will endeavour to keep any additional costs to a minimum.

Courses with a fee **exceeding \$80** are classified as **high-cost subjects** and may require a **50% deposit**. Further details regarding deposit payments will be provided to Parents/Guardians towards the end of **Term 3**.
